Customer's Description of Complaint

Customer states when someone is sitting in the Passenger Front Seat the air bag alarm goes off.

Technician's Findings and Repair

The Tech called me and asked if I had any issues with B1650 SRS Codes in 2016 Foresters. The Tech stated that he was able to duplicate the Customer Concern of the SRS system showing an ODS Code and turning on SRS Light. The Tech followed the TT and found that the SRS System harness was bad. Replaced SRS System harness and verified proper operation of the vehicle.
