Re: Request for Confidential Treatment of Certain Information Submitted by General Motors LLC to the National Highway Traffic Safety Administration on November 20, 2020

Dear Mr. Morrison:

This letter requests confidential treatment under 49 C.F.R. part 512 and Exemption 4 of the Freedom of Information Act (5 U.S.C. § 552(b)(4)) (“**FOIA**”) for certain confidential materials submitted by General Motors LLC (“**GM**”) to the National Highway Traffic Safety Administration (“**NHTSA**”) on November 20, 2020.

A. Description of the Confidential Information (49 C.F.R. § 512.8(a))

On November 20, 2020, GM transferred certain confidential materials (the “**Confidential Information**”) electronically via person-to-person transfer¹ to Daniel Rabinovitz at the NHTSA Office of Chief Counsel and Chris Lash at the NHTSA ODI GM Division. Greg Magno requested that GM submit this information to NHTSA in a conference call after the meeting on November 18, 2020. GM’s submission relates to presentations shared at the monthly face-to-face meeting and review of investigations.

The Confidential Information contains the following PDF files:

1. A20-230359 2011-15MY Multi model LUJ_LUV_Underhood fire NHTSA
2. N20-230893 Epsilon Rear Suspension Adjuster Link Fracture Corrosion NHTSA 2020-11-18
3. N20-230968_2015-16 Silverado_Sierra_RRAB Inflator End Cap_NHTSA
4. N20-231146 - 2016 Chev Malibu Vacuum Pump for NHTSA
5. N20-231173 MY19 Bolt EV Potential SMB Fire NHTSA 2020-11-18
6. N20-231467 2019-21 T1XX LD HD SUV Frt Ctr St Seatbelt NHTSA 18nov20
7. N20-231834 APPS water intrusion potential unintended acceleration NHTSA 11_18_2020
8. N20-231915 SDM 50 Incorrect EDR Element NHTSA

¹ GM submits this material electronically pursuant to NHTSA’s modified part 512 submission procedures published at <https://www.nhtsa.gov/coronavirus/submission-confidential-business-information>.

B. Production format (49 C.F.R. §§ 512.5 and 512.6)

GM's production is in PDF format. Each page of the production is stamped "GM Confidential Business Information." GM is requesting confidential treatment for its entire submission. For this reason, GM is not submitting a redacted public copy.

C. Basis for confidential treatment (49 C.F.R. §§ 512.8(b) and 512.8(c))

GM's request for confidential treatment is governed by FOIA Exemption 4, which shields from mandatory disclosure "confidential" commercial or financial information. 5 U.S.C. § 552(b)(4); *see also* 49 C.F.R. § 512.15(d). The Confidential Information qualifies as "confidential" under FOIA Exemption 4 because GM does not customarily release or otherwise provide the Confidential Information or information like the Confidential Information to the public. *See Food Mktg. Inst. v. Argus Leader Media*, 139 S. Ct. 2356 (2019).

GM treats the Confidential Information as confidential and proprietary, and makes it available only on an as-needed basis to authorized GM and supplier personnel. GM utilizes numerous systems and processes that limit access to and prevent unauthorized disclosures of the Confidential Information, including: (i) password-protected electronic record-keeping systems; (ii) security systems that limit physical access to GM electronic and hard-copy record-storage facilities; and (iii) information-security training that emphasizes the importance of preventing unauthorized disclosures of information like the Confidential Information. Based on past experience with the Agency, it is GM's expectation that the Agency will keep the Confidential Information confidential, in accordance with *Food Marketing Institute*.

The documents in GM's submission may also contain personally identifiable information ("PII") (e.g., vehicle registration information or VIN, employee names, and customer/employee contact information) that is exempt from public disclosure under FOIA exemptions three and six. 5 U.S.C. § 552(b)(3); *id.* at § 552(b)(6). Consistent with long-standing practice, GM is submitting these documents with unredacted PII with the understanding that NHTSA (or GM, if NHTSA prefers) will redact any PII before disclosing these documents to the public.

D. Information obtained from a third party (49 C.F.R. § 512.9)

Certain portions of the Confidential Information were created by and provided to GM by Joyson Safety Systems ("JSS"). The material in slides 5-8 and 10-11 of document N20-230968_2015-16 Silverado_Sierra_RRAB Inflator End Cap_NHTSA.pdf discloses the analysis and evaluation methodology performed by JSS at GM's direction; it is highly sensitive information that, like the other Confidential Information in the presentation, GM does not customarily provide to the public. As required by 49 CFR § 512.9, GM has enclosed a third-party certification signed by JSS.

E. Duration of confidential treatment (49 C.F.R. § 512.8(e))

Because GM does not anticipate ever customarily disclosing this kind of information to the public, GM requests that NHTSA treat the Confidential Information as confidential without a time limitation.

F. Contact information (49 C.F.R. § 512.8(f))

Please direct all inquiries and responses to this request to: Tim Cochran, General Motors LLC, Cole Engineering Center, 29427 Louis Chevrolet Rd., Warren, MI 48093. [REDACTED].

If NHTSA receives a request to disclose the Confidential Information, GM respectfully requests notification and an opportunity to provide, if necessary, additional support for its position that the Confidential Information is entitled to confidential treatment under FOIA.

Sincerely,

[REDACTED]

Senior Manager, External Investigations
