Please Select the Appropriate Type of Deviation (mark with X)				
	Materials Deviation (to be used for Autocar internal communication, e.g. substitution, parts shortage, E&O consumption)			
	Supplier Deviation (to be used for external communication, e.g. part that does not meet a drawing specification)			
X	**Engineering Deviation** (to be used for Autocar internal communication, e.g. design change for a part or EPL)			
Materials Deviation	NA	Part substitution		Affects parts in QAD
	NA	Part shortage		Affects bulk parts
	NA	E&O Consumption		Affects VMI parts
		Other		No parts effect
Supplier Deviation	NA	Supplier Requested		
	NA	Autocar Requested		
	NA	Supplier Cannot Meet Quoted Lead Time		
	NA	Raw Material Availability		
	NA	Quality Issue		
	NA	Part Lead Time		
		Other		
Engineering Deviation		Process Engineering		Affects parts in QAD
		Routing and Clipping Issue	X	Affects bulk parts
		Design Error	X	Affects VMI parts
	X	Customer Request		No parts effect
		Other		
Deviation Status		Deviation does not require an engineering change		
	X	Deviation requires an engineering change to fix the issue		
	TBD	PCR/PCO/NOR/NOO number where deviation is being fixed		
	Does this Deviation Require Rework?		N	
	Does the rework require Quality signoff?
