Not any ongoing this is it issues, we just had a different customer with a bad pump but it showed up in the TRW pressure tests they have you run.

Gabe,

This unit is in the shop for complaint of steering binding turning left intermittently.

Is this a TRW gear and pump J87-6028 gear. 1939436 pump?

Have you been seeing a lot of problems with this?

Thank you,

Wade McPherson
