Subject: PE20-002 Extension Request

Rosa
this email needs to go into the public file for PE02-002 because the mfr asked for an extension.

Thankx, Pete

Subject: RE: PE20-002 Extension Request

Ms. Riehle,

The Office of Defects Investigation (ODI) has received your request for an extension to the required response date for the Information Request (IR) letter mailed to you on 04/08/2020 and related to investigation PE20-002. The information requested in the IR is due by the specified date in order to keep the subject investigation on schedule and to minimize any risk the alleged defect may pose to the public.

With this in mind, ODI does however appreciate the effort that goes into responding to an IR letter and your requested extension to the response date for the subject IR letter is granted. The new due date is 06/29/2020. Please submit those portions of the request that can be answered by the original due date (questions 1thru 7) in a partial response.

Thank You,
Bruce York

Subject: PE20-002 Extension Request

Hi Bruce and Pete,

BMW plans to provide the IR response to PE20-002 for questions numbered 1-7 by May 29th, 2020. BMW would like to request a 30-day extension for the more technical questions due to lots of translations for the responses to questions 8-14. Please let me know if this request can be granted.

Regards,

Helen
