Re: PE20-013

Dear Mr. York:

In reply to your Information Request (IR) letter, dated September 11, 2020, Honda is submitting this response regarding your investigation into allegations of fuel filters becoming contaminated with zinc-oxide, restricting fuel flow, and causing a sudden engine stall in certain model year (MY) 2018 - 2020 Honda Africa Twin (CRF1000-1100) motorcycles.

The response to the six questions in the IR letter are contained in an Excel file submitted along with this letter.

Should any questions arise after this submission of responses to the IR letter, please feel free to contact Honda.

Respectfully,

AMERICAN HONDA MOTOR CO., INC.
