Attention Service Managers,

It is important to ensure that 19MY Sonata, Santa Fe, Tucson, and Veloster N vehicles are re-flashed with the latest Campaign 953 ECM Software. Some of these vehicles may show that 953 is complete, however, it is likely not the most recent version of the ECM Software. Please reflash all applicable 2019MY Sonata, Santa Fe, Tucson, and Veloster N vehicles currently in dealer stock.

Follow the updated TSB #19-01-002H-4 for Campaign 953 for the most current information.

Dealers can file campaign claims on completed vehicle if software is updated.
