

 <b>HYUNDAI</b> <b>Technical Service Bulletin</b>	GROUP <b>ENGINE</b>	NUMBER <b>22-EM-006H</b>
	DATE <b>JANUARY 2022</b>	MODEL(S) <b>APPLICABLE VEHICLES BELOW</b>
<b>SUBJECT: ENGINE WARRANTY EXTENSION (TXXM)</b>		

This TSB supersedes 21-EM-005H-1 to add additional models and model years – 2018 Sonata Hybrid/Plug-in (2.0L), 2018 Tucson (2.0L), and 2018-19 Elantra GT (2.0L).

**Description:** The Powertrain warranty coverage for certain engine repairs and/or replacement *where the engine damage or malfunction is related to connecting rod bearing wear*, has been extended to 15 years or 150,000 miles from the date of original retail delivery or date of first use, whichever occurs first, and is valid for original and subsequent owners.

Please refer to TSB 21-01-025H (or latest version) for applicable campaign part numbers and labor ops.

If there are no applicable campaign labor op codes for a model/model years available in the above TSB, please follow the shop manual and submit under the warranty claim screen in WEBDCS using LTS related op codes.
