Correction:

Verify the DTC B0017 01, B0024 01, or B001E 01 is in history and if diagnostics lead to replace the Knee air bag, Driver Seat Inboard Side air bag, or the SDM, then clear the code and verify the airbag warning light stays off and explain to the customer that an update will be available in July 2021.

This code is setting due to an internal SDM software concern. It does not affect the operation of the system.
