Vehicle Defect Division A
Office of Defects Investigation

This memo documents a July 7, 2021 request from Porsche for a partial extension of time to respond to the Office of Defects Investigation (ODI) Information Request letter for PE21-013. The original due date for Porsche's answer to the Information Request was July 15, 2021. Porsche is requesting an additional four (4) weeks to supply translated documents that are responsive to Request 8.

On July 9, 2021, ODI granted Porsche's request for a four (4) week extension to submit supporting documents for Request 8. Supporting documents for Request 8 are now due on August 15, 2021. The answer for all Requests made in the letter remains due on the original date of July 15, 2021. The answer for Request 8 due on July 15, 2021 is a summary report with the documents supporting the summary due on August 15, 2021.

ODI is granting this request for a longer than normal extension period due to the translation of technical German language documents which are responsive to Request 8 in the Information Request letter.
