Dear Messrs. Magno and Healy,

We represent Mercedes-Benz in connection with DP 22-002, a defect petition proceeding involving allegations regarding an alleged defect in the coating of a vehicle's wrist pin. In response to your request for additional information, Mercedes-Benz provides the attached summary of the service history of the petitioner's allegedly defective vehicle. To protect PII concerning the vehicle and its owner, the attached chart provides only a partial VIN for the vehicle.

We hope this chart responds satisfactorily to ODI's request for additional information. If you have questions regarding the attached information, please contact me.

Thank you,

Paul A. Hemmersbaugh
