This memo documents a March 1, 2023, request from Aurora Innovation Inc (Aurora) for a partial extension of time to respond to the Office of Defects Investigation (ODI) Information Request letter for PE22-014 addressing incidents of hard braking to April 10, 2023. The original due date for Aurora's answer to the Information Request was March 7, 2023.

On March 1, 2023, ODI granted Aurora's request for a partial five (5) week extension to respond to the IR letter addressing incidents of hard braking dated January 24, 2023. Aurora will submit a response addressing Request 1 on the original due date of March 7, 2023. Aurora will submit responses addressing Requests 2 – 5 no later than April 10, 2023.

ODI is granting this request for a longer than normal extension period due to the need for Aurora to gather information on vehicle platforms and systems that are no longer in use in order to respond to Requests 2 – 5.
