Re: Cruise LLC's Supplemental Responses to NHTSA's January 4, 2023, Information Request in Preliminary Evaluation 22-014 (Immobilization)

Dear Ms. Yukevich:

This letter contains Cruise LLC's ("**Cruise**") supplemental responses (the "**Supplemental Responses**"), as described below, to the information requests in your January 4, 2023, letter (the "**Requests**") relating to National Highway Traffic Safety Administration ("**NHTSA**") Preliminary Evaluation 22-014 (Immobilization). Unless otherwise defined herein, Cruise's Responses rely on the defined terms in the Requests.

On February 28, 2023, Cruise submitted responses to each of NHTSA's Requests in this matter, including providing responsive documents where requested. Since that submission, Cruise identified additional documents in its possession that it has determined to be responsive to certain of NHTSA's Requests. As a result, and as communicated to NHTSA via email on March 13, 2023, Cruise is providing these Supplemental Responses and a limited supplemental document production. Cruise is submitting those materials for which it is not requesting confidential treatment under 49 C.F.R. part 512 and 5 U.S.C. § 552(b)(4) ("**FOIA**") electronically via secure file transfer.

Please contact me if you require further information about this response.

Sincerely,
