Hello Team,

Please find attached the list of alleged IADs. Also listed the parts that are received (RCM, LH pret, RH pret).
Still trying to figure out which ones are fleet vs. private ownership. Did not want to delay sending this file to the team.

Thank you,
Best Regards,
Nitesh

[redacted], I will have a team member local next week, and even myself. Are you ok if we assign it to either of us? We can then just make it available to the team.

Let us know,

Mauricio Pineda

Hello [redacted]

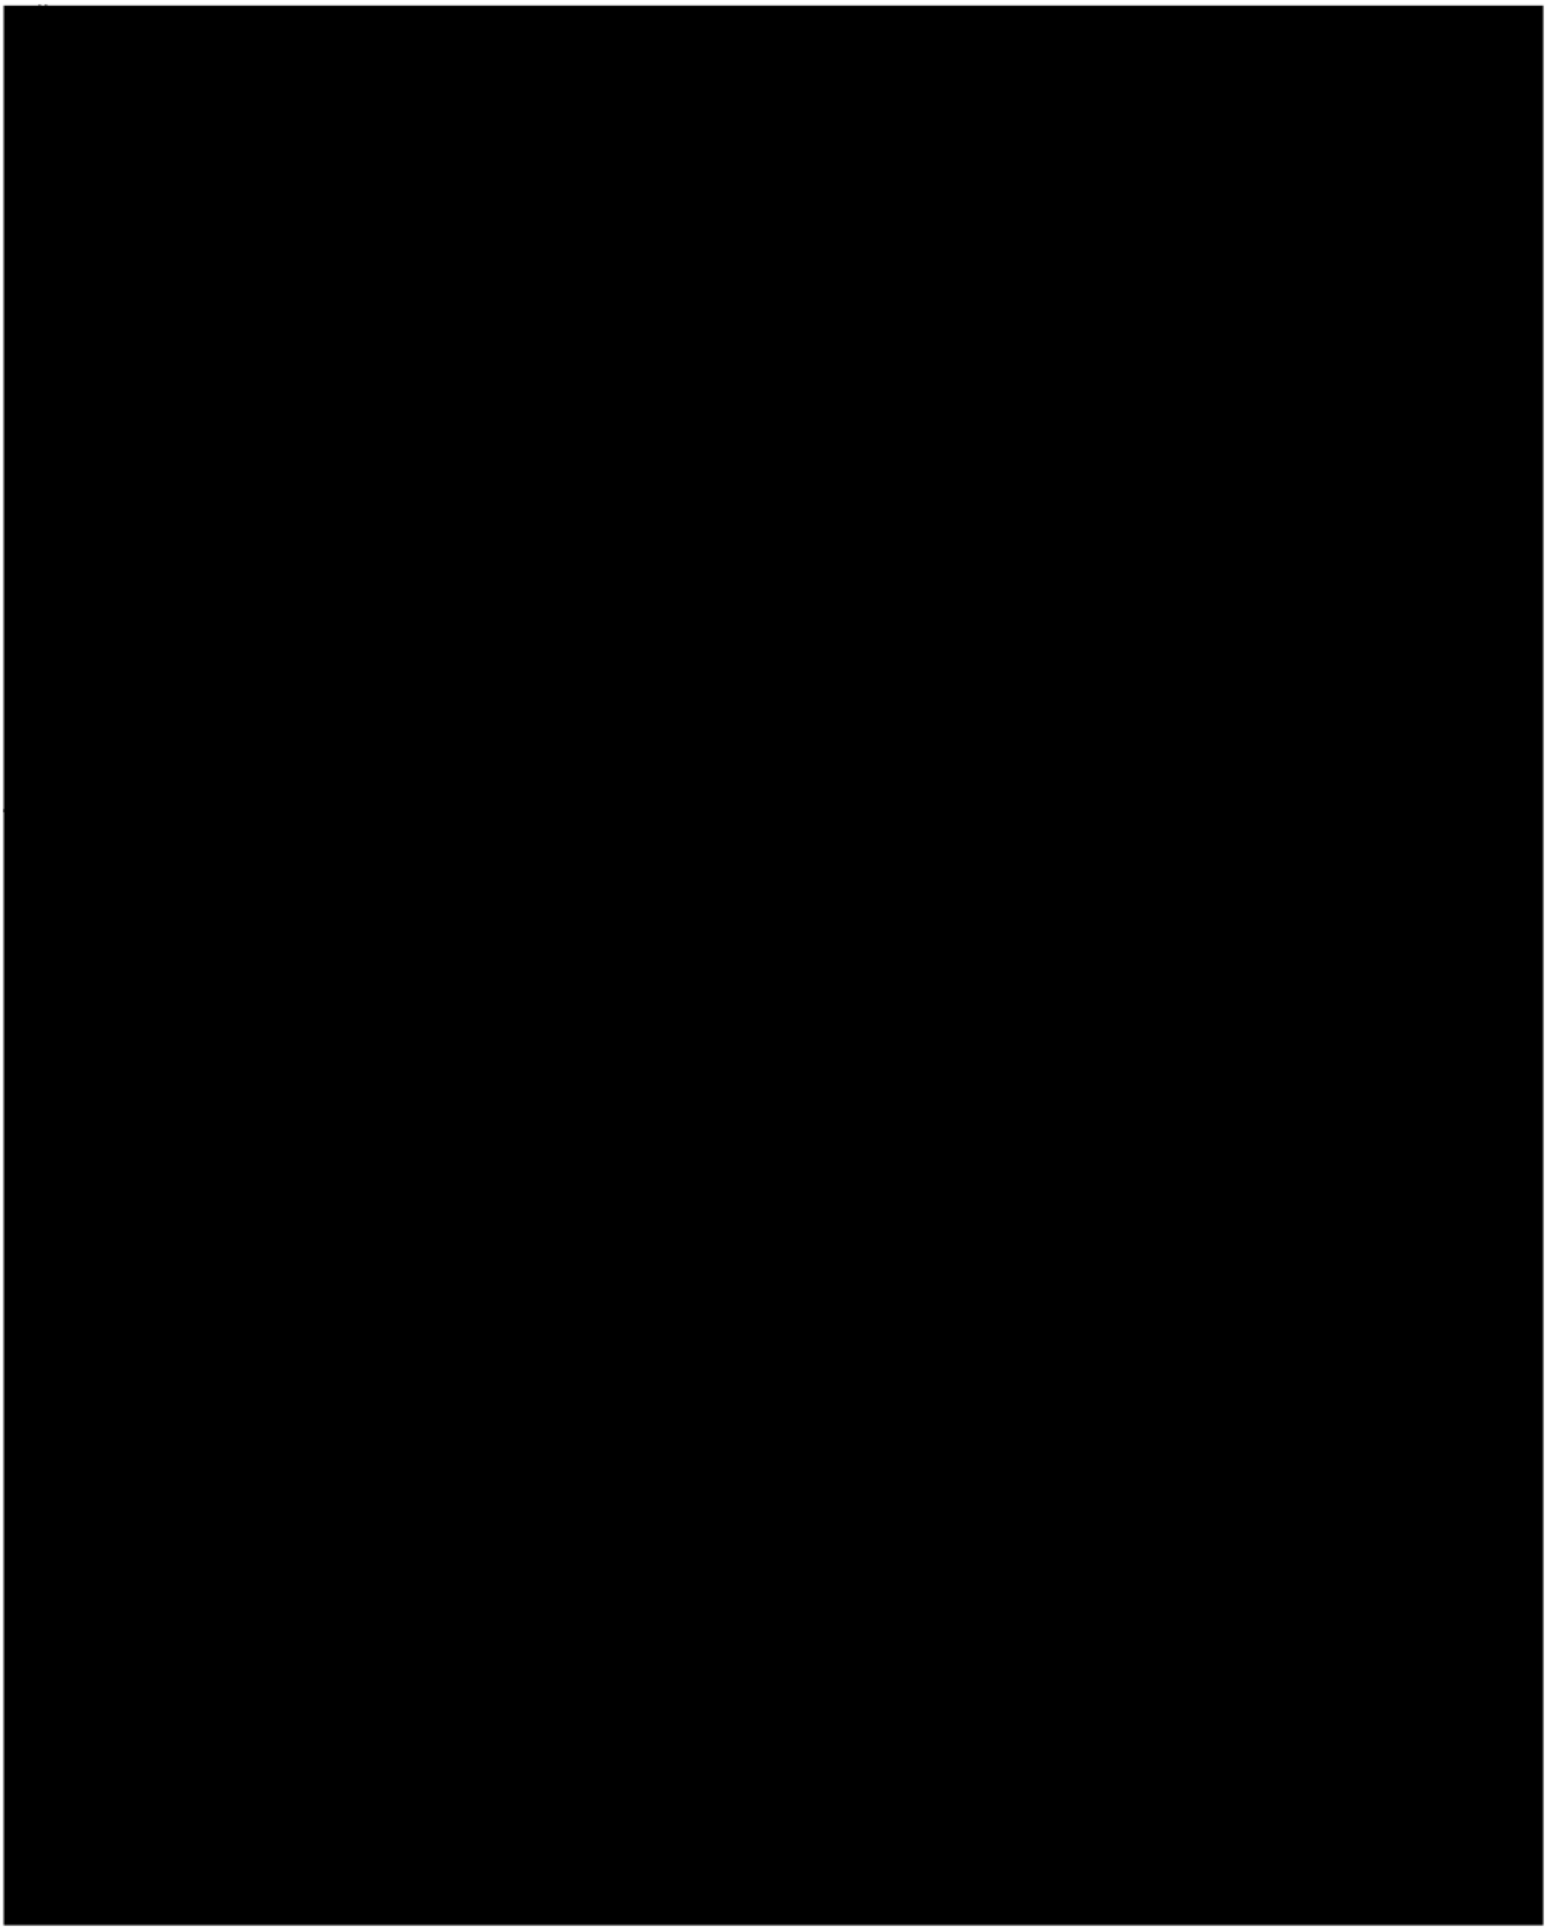

Regarding the unit for system-level testing, there are no MY2019 available, but the team has a 2020MY available, please noted that the content is the same as 2019MY units, also the production date was 2019,

The unit is available at ROLO in Dearborn [redacted]), we only have to confirm when and who will get the unit,

TAG	VIN	MY	Production date	Platform		Heated seat

2019 Ford Expedition Trims	Key Features
XLT	Eight-way power driver's seat
Starting at $52,130 MSRP	Two-way manual passenger seat
	Six-speaker audio system
	Halogen headlamps and fog lamps
	8-in. touchscreen
	Tri-zone climate control
Limited	XLT features plus:
Starting at $63,015 MSRP	Heated second row seating
	12-speaker audio system
	Forward Sensing System
	LED taillamps
	Upgraded carpet floor mats
	Leather-wrapped steering wheel
Platinum	Limited features plus:
Starting at $73,365 MSRP	Leather door trim accents
	Enhanced active noise control

The 2019 Lincoln Navigator is available four trim levels: **base, Select, Reserve and Black Label**. All trims are powered by a turbocharged 3.5-liter V6 (450 hp, 510 lb-ft) paired to a 10-speed automatic transmission. Rear-wheel drive is standard and four-wheel drive is optional for the first two trims.

John, this has our full attention and our investigation is continuing.

We have an EMM (technical discussion) on Monday October 3rd. I will forward that meeting notice to you, engineering will present the status of their investigation and next steps.

David J. Ott
Defect Investigations Manager – Truck Programs (CCRG Chair)
Automotive Safety Office
Ford Motor Company

Subject: RE: ASO EMM: [redacted] Expedition/Navigator faulty seat belt retractor (airbag light); [redacted] Expedition inadvertent retractor deployments

Ok, I should also note that the CDRReport tab does not have non-responsive records beyond the first time I did the CDR pull. After that, I've been re-running and just updating the "Search Criteria" tab since there has been nothing new.

Thanks, Nitesh.

One final file I wanted to share (it's already in the folder the team is using)...

I've been checking CDR every two weeks to make sure we haven't had any other inadvertent deployments that the team wasn't aware of. My search criteria are in the file. It's up to you if you want to continue doing this. There's been nothing new since I started checking in the fall.

Hello Adrian,

Yes, I will prepone the EMM meeting to early next week.

In the meantime, I am attaching some basic charts and footprint analysis that I conducted on the subject topic and discussed in CCRG mtg today.

Thank you,
Best Regards,
Nitesh

Nitesh

In my opinion this need to be conformed with D&R community, VCS team may be informed about the action plans at a high level, but the root cause and implementation details need to be clarified from D&R community.

Good morning Mauricio & Jesus,

Received the monitoring information from [redacted] There is a new inadvertent deployment case in Arizona for [redacted]

Can we please make a request for this part from the dealership, if it is still available? My understanding is the "request for parts" is already in place for this issue. Can you please confirm?

Thank you,
Best Regards,
Nitesh

Nitesh, can you please see if we can get the parts back from the dealer if they still have them?

I think we have a process for such things, maybe connect with Jason if you're unsure.

Dave

Sent: 10/7/2022 6:12:55 PM
To: Voelker, Martin (M.C.) [mvoelker@ford.com]
CC: Chascsa, Jim (JRCII.) [jchascsa@ford.com]
Subject: RE: CCRG Grid [redacted]Pretensioner - ASO EMM on Oct 06, 2022

Marty, as we spoke, for now we will only secure the car for testing and make it available to Jim and the RCM team. Since my team is onsite next week for other matters, we will support with pick up of the car, and deliver to building 2. As we progress the testing phase we will get to know who needs to support what. For now we are just making resources available to the team

Cheers,

Mauricio Pineda

Hello Jim,

Regarding the unit for system-level testing, there are no MY2019 available, but the team has a 2020MY available, please noted that the content is the same as 2019MY units, also the production date was 2019,

The unit is available at ROLO in Dearborn [redacted] we only have to confirm when and who will get the unit,

Yes, Dave. It would help.

I will work with the team to get the pretensioners and RCM.

Gary helped us in August to get the pretensioners/ RCM on 2 units from Arizona. These are 3 additional ones.

Best Regards,
Nitesh

Nitesh see below info and question related to Expedition pretensioner deployment on units in AZ.

Wondering if it'd be helpful to harvest parts from vehicles in this area to aid our ongoing investigation?

Subject: RE: Airbags Deployed

Hey Chris,

One update.... The seatbelt retractor turns out it is under warranty for the Expedition so that part is clear. The question the store has now is about the RCM since there wasn't any codes saying to replace that. Can we just tell them to submit both under warranty and if we kick the RCM that we will cover that with a Ford Financial Assistance Request? Or, can they add to the claim that we are requesting the RCM and then warranty will cover it? Thoughts?

Gary

Cc: Macheske, Gary (G.) <gmachesk@lincoln.com>
Subject: RE: Airbags Deployed

My understanding is there has not been a warranty claim or loyalty claim submitted yet. I think we are still waiting on the dealer to submit a Financial Assistance Request for us to approve the replacement since the Expedition is out of bumper to bumper warranty, so it will have to be covered using Ford Loyalty.

For the Navigator, the dealer plans to use Lincoln Loyalty as well since it is also beyond bumper-to-bumper, but I understand the retractor they need is not available in service.

Once these Loyalty claims have been submitted, how is the part return tag set up? Will they be shipped to ZF or the Warranty Parts Return Center?

We're having the dealer replace the RCM and the retractors. Will you be requesting both parts be returned?

To: Nagy, Jason (J.R.) <jnagy14@ford.com>
Subject: FW: Airbags Deployed

Jason,

The email below is regarding two VINs that recently have come into a dealer in AZ where they are experiencing high heat. They have pretensioner codes, but no DTC to indicate a crash event.

1FMJK1MTXKE[redacted] – B007E:13:8B for Driver Seatbelt Pretensioner C Deployment Control
5LMJJ2LT2KE[redacted] – B007F:13:8B for Passenger Seatbelt Pretensioner C Deployment Control

I did a word search in GCQIS for 2019 Expedition/Navigator using DTC B007E and/or B007F as the keywords and returned 96 reports. I've attached the reports that seem to indicate an actual deployment. It's odd that 90% of the reports were from Dubai, and the others were high temp states like AZ.

Can you direct these as appropriate?

Thanks,

[redacted]

Chris,

Here's the email from [redacted] at [redacted] Lincoln. Just as you suspected it was the pretensioner...

Is it possible to have an FSE look at both vehicles? I'm also curious if the vehicle was giving a warning to the owner of the vehicle advising them to get service prior to this occurring?

Thanks for all of your help here as always.

Subject: Airbags Deployed for No Reason

Hi guys,

[redacted]from [redacted] Lincoln just called to let me know that they have a Navigator in their shop (I think 2018MY) that the right passenger airbag deployed while sitting stopped at a red light. They just got informed that an Expedition is on their way that had the same issue. They will be sending me VINs and any codes they can pull, but she wanted me to bring this to the powers to be asap due to the nature of the issue. The client in the Navigator isn't comfortable getting their vehicle back until we can explain why it happened.

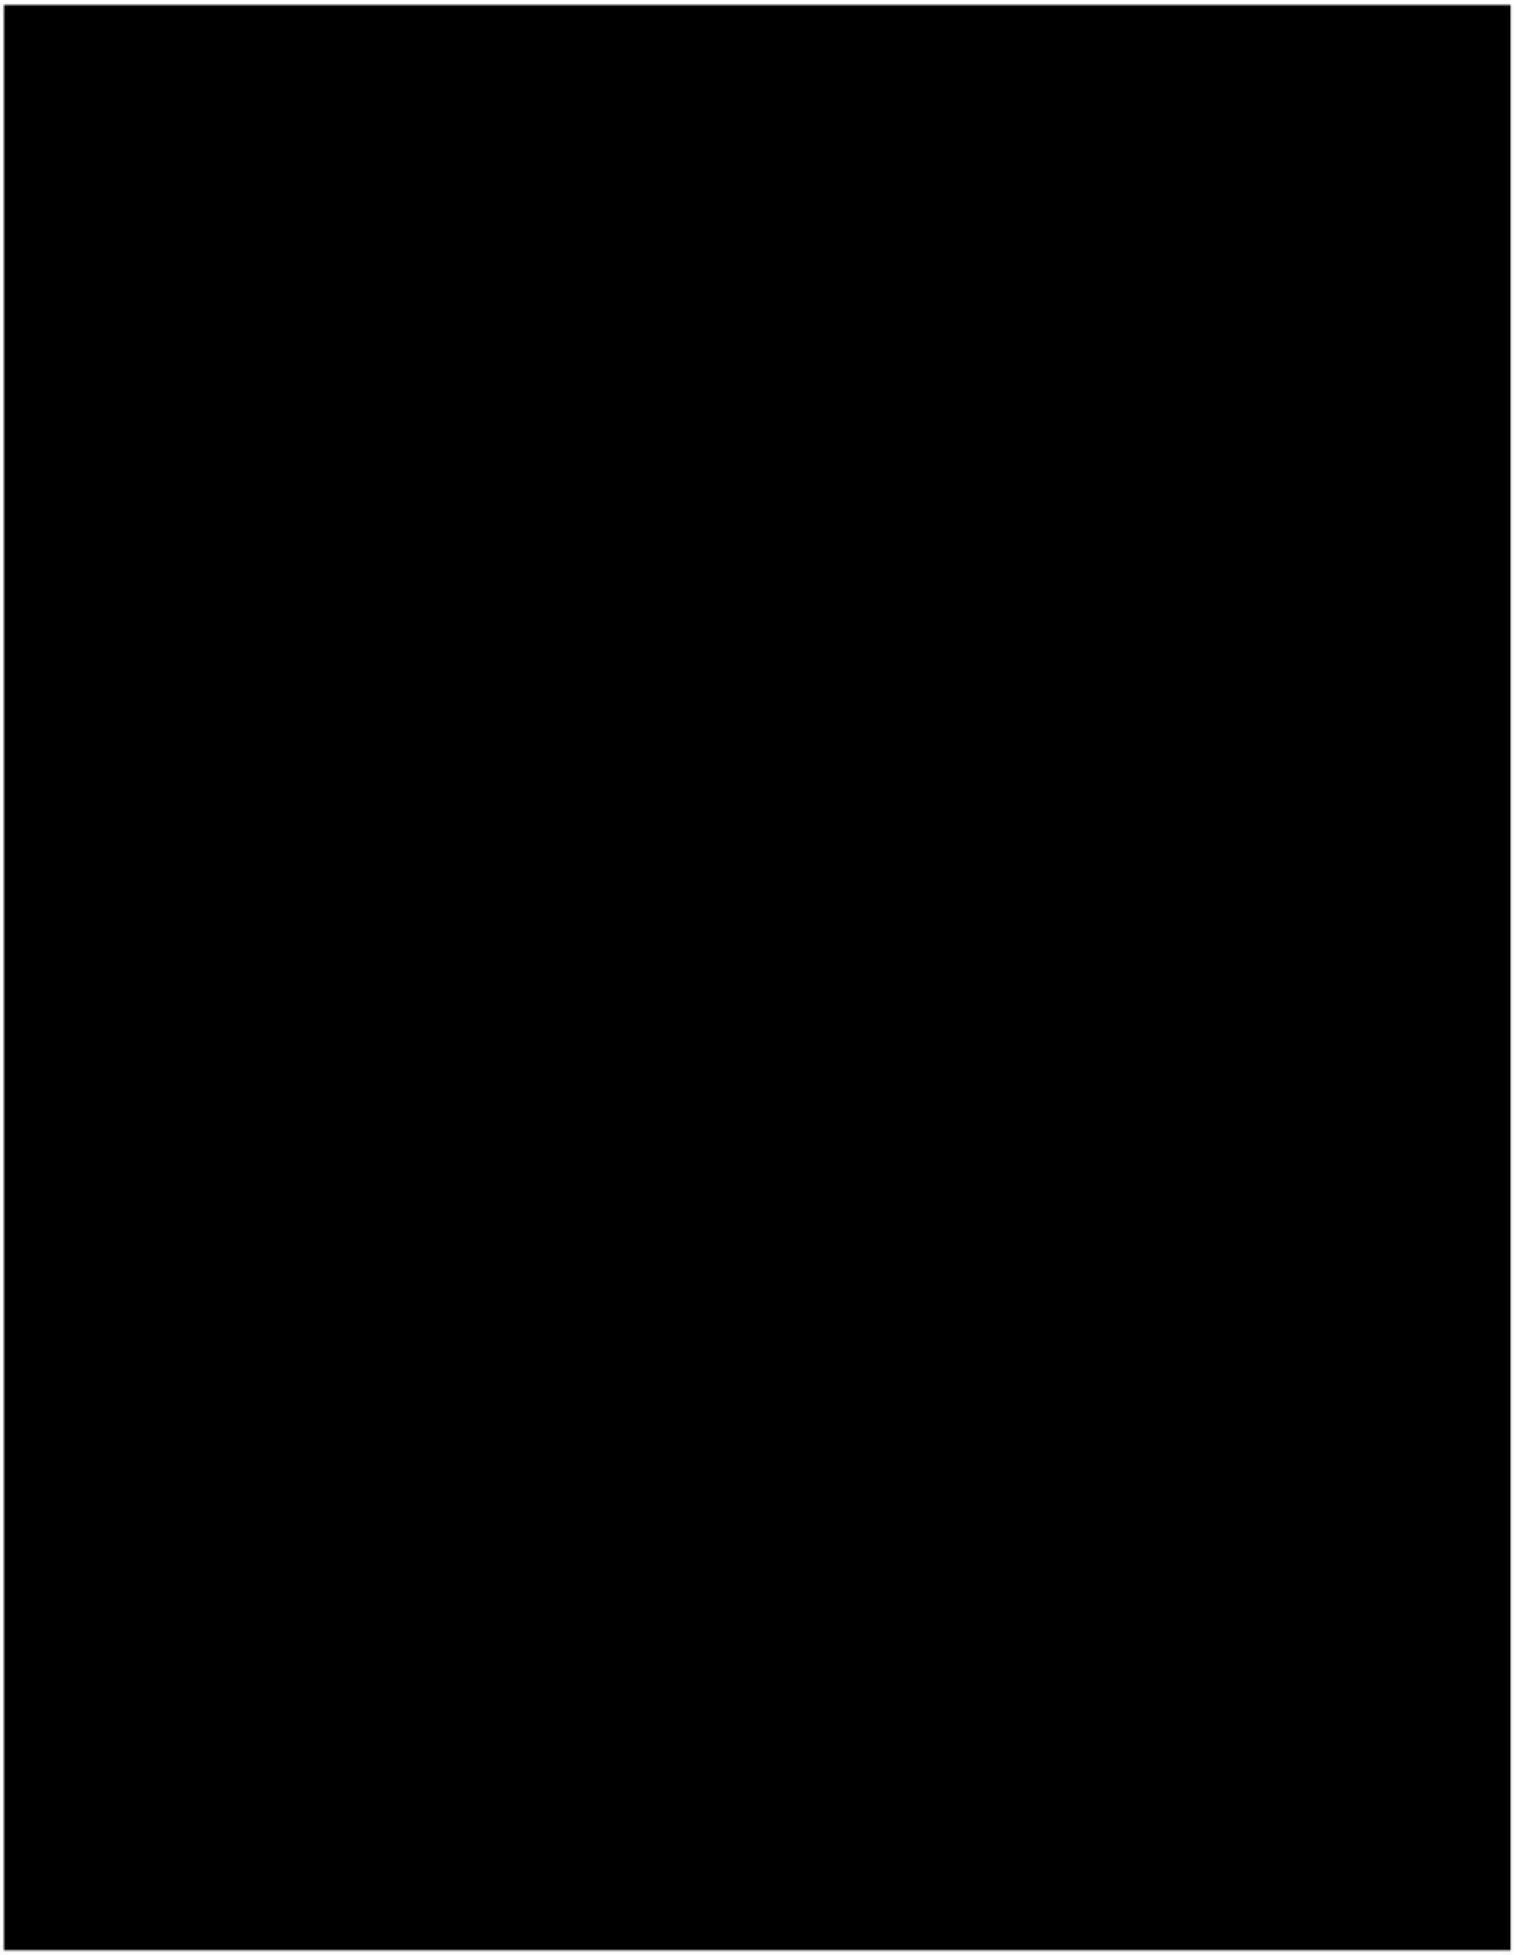

You may know that Phoenix has had record temperatures and humidity in the recent weeks. Perhaps that's a factor?

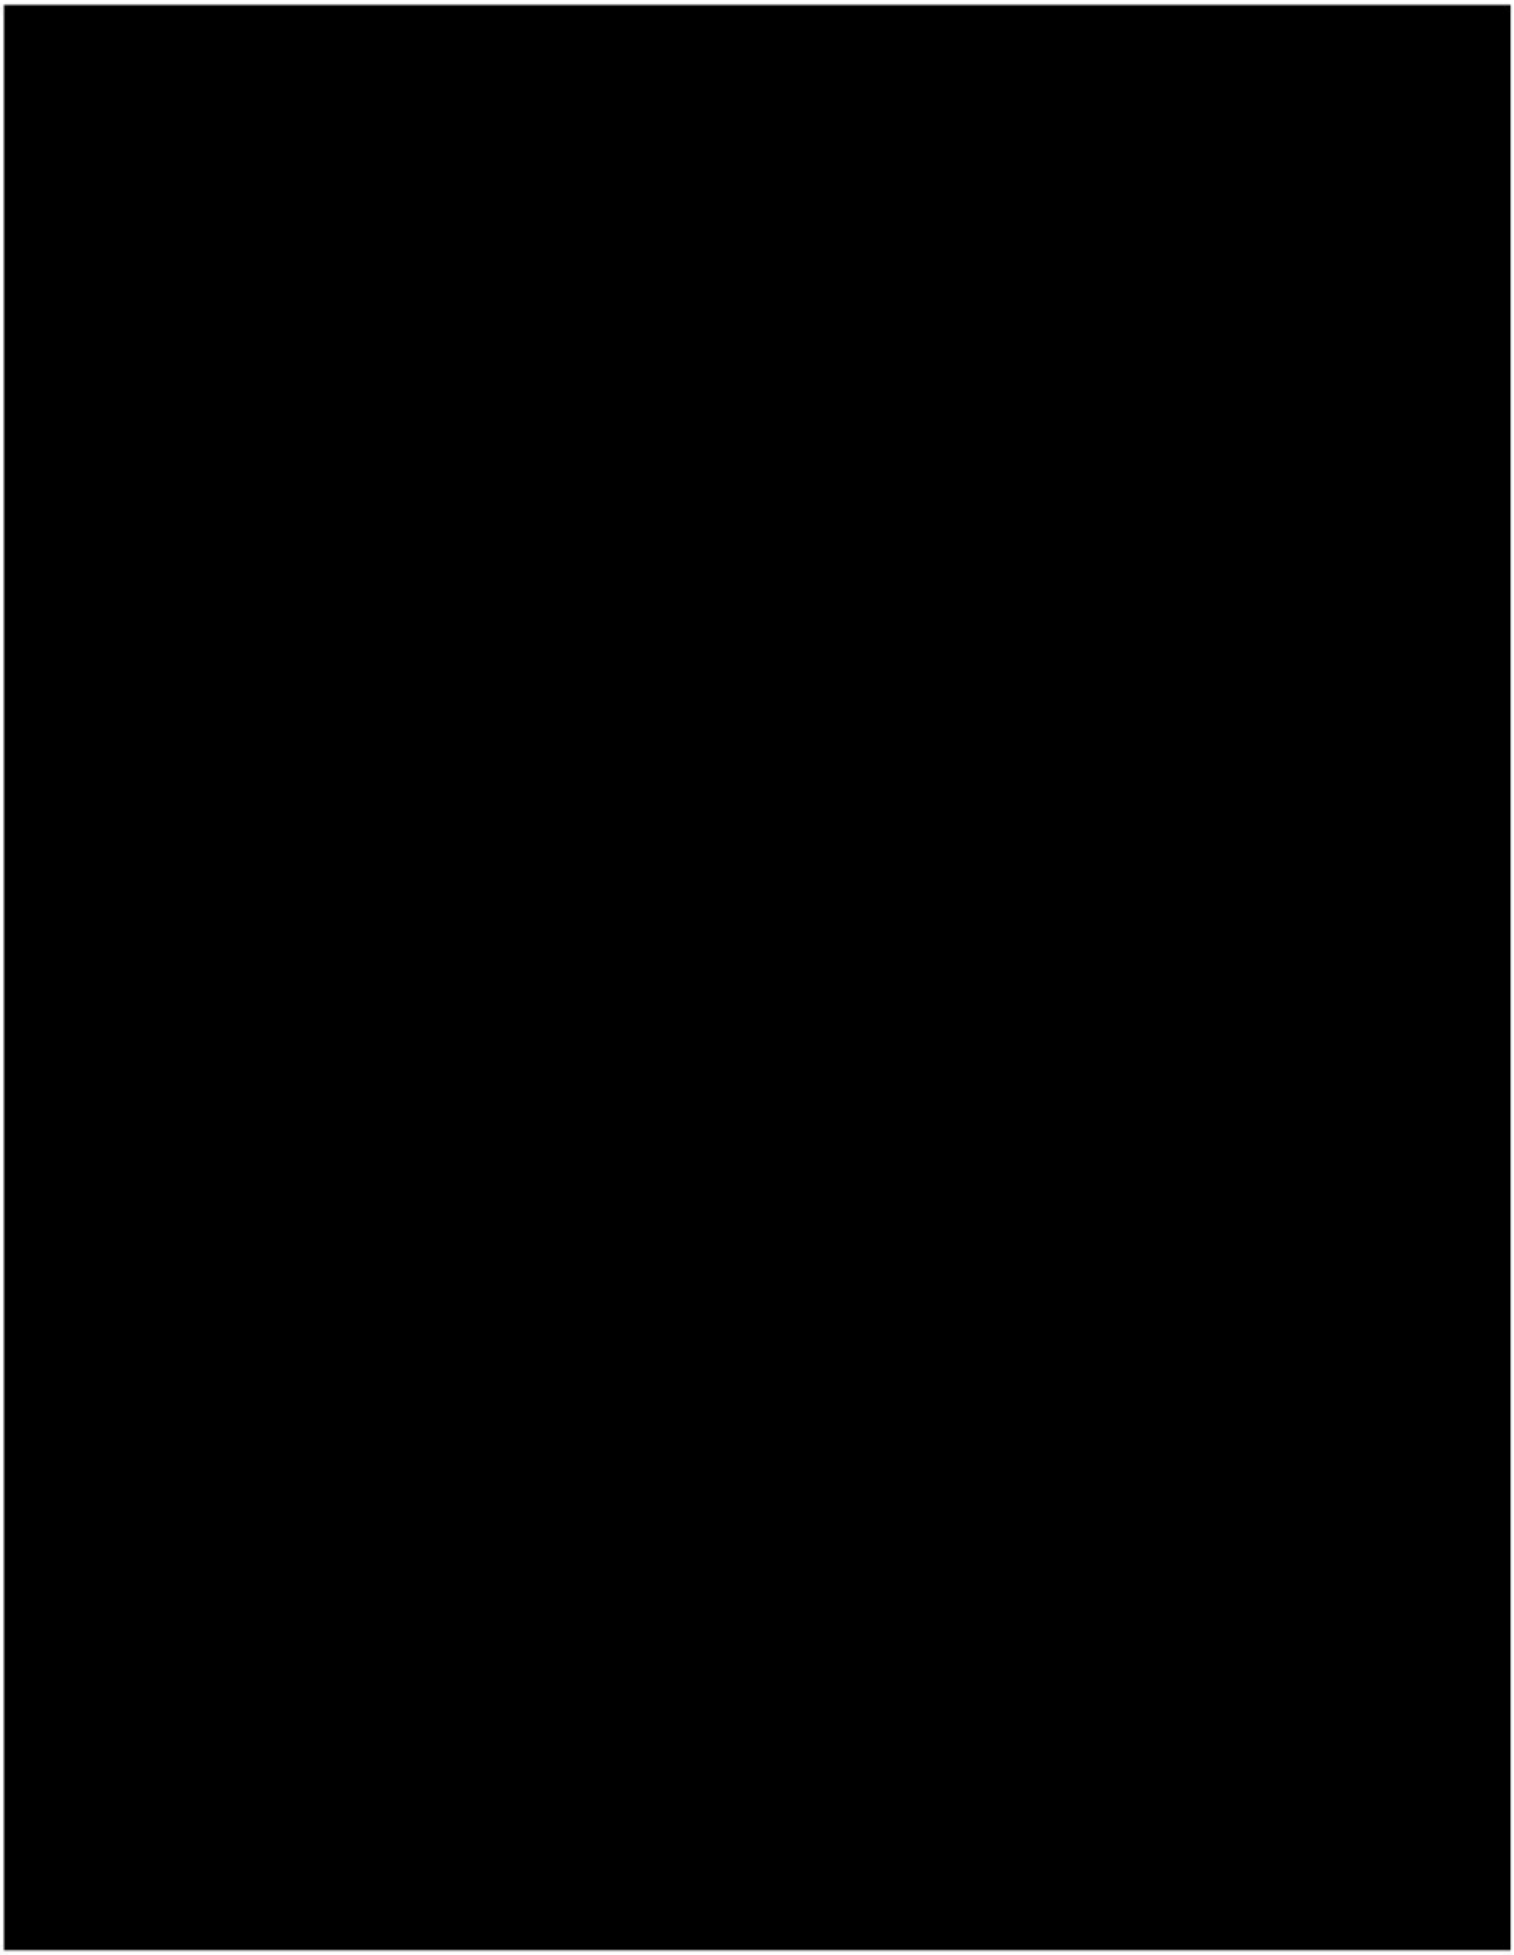

Would there be any benefit of having our FSE inspect both vehicles as both should be in their shop tomorrow?

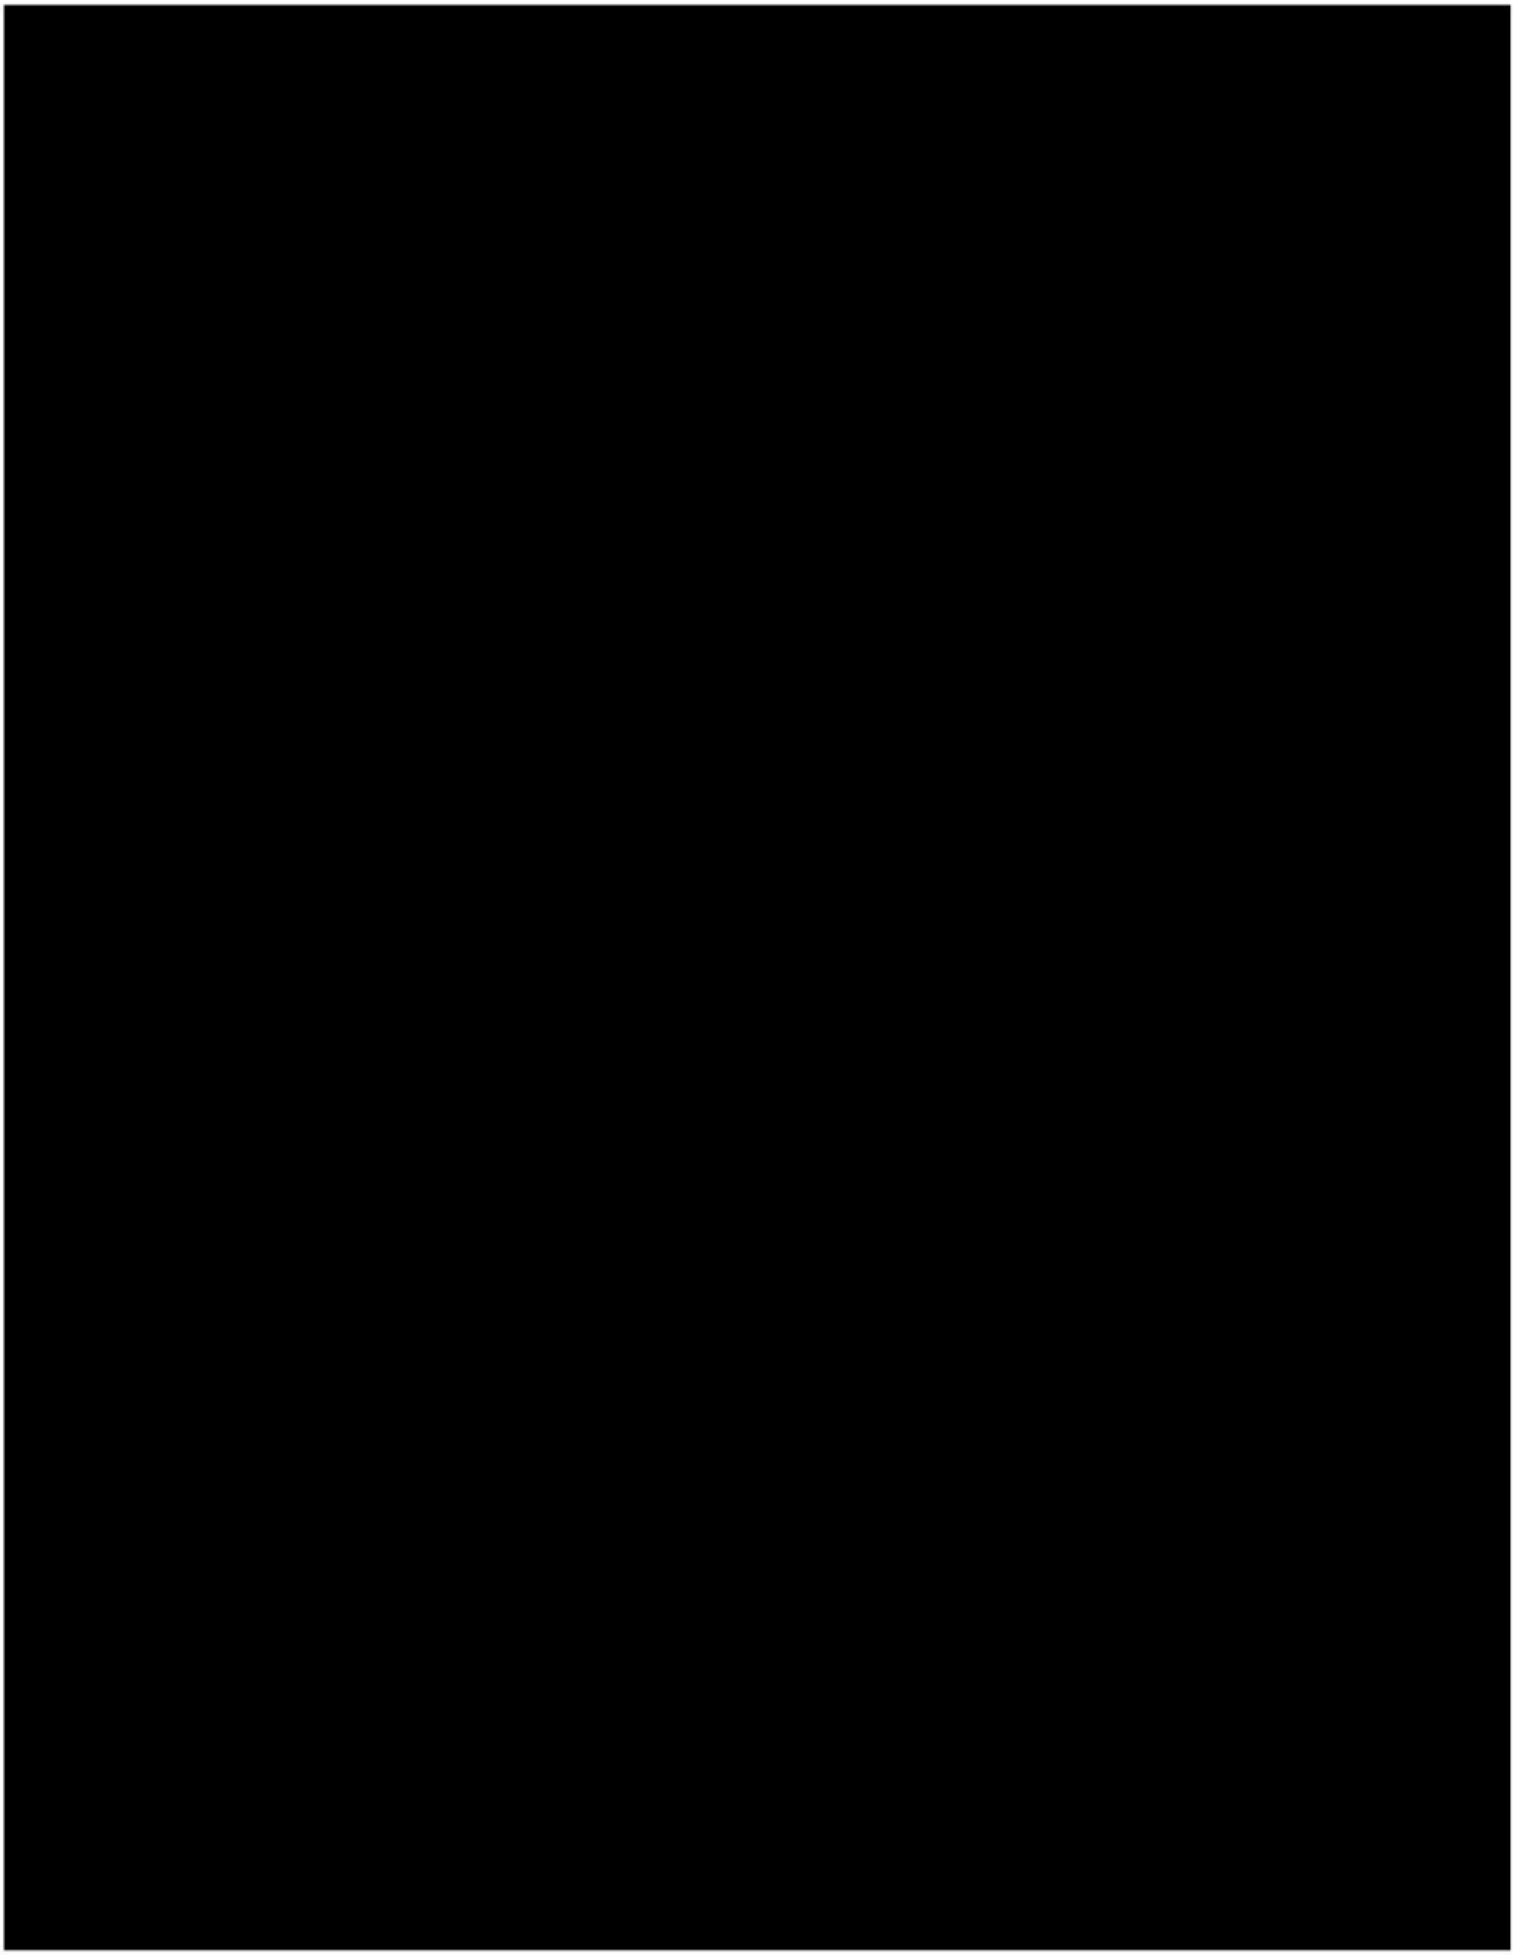

[redacted]very concerned about this while it's only two vehicles it is a trend and a serious and dangerous impact when not expecting anything like this to occur.
