

Hello, [REDACTED] This is Sarah reaching out with Chevrolet. As I understand, you will be taking the vehicle back on the 5th for more test driving and diagnostics. I will be checking in with the dealership no later than the 6th and would like to reach back out to you via text with more updates no later than the 7th. If there is anything else I can do for you, please let me know. Otherwise, thank you for contacting OnStar. Be safe out there.
