Insurance

Every owner of a motor vehicle operated on a highway, public road or parking area within the State of Utah is required to have in effect and maintain current owner's or operator's insurance for that vehicle as required by law.

Vehicle Safety

Each motor vehicle owner is responsible for the safe operation of their vehicle. As part of this responsibility owners should inspect their vehicle's tires, brakes, steering, suspension, lights and other equipment to ensure the vehicle is in safe operating condition.

Accessible Parking

State law prohibits persons who do not lawfully possess a disability placard or disability special group license plate from parking in an accessible parking space designated for persons with disabilities. Persons who possess a disability placard or disability special group license plate are discouraged from parking in an accessible parking space designated as van accessible unless they have a temporary wheelchair user placard or a wheelchair user placard.
