Employee First Name John

Employee Last Name Dunne

Employee Phone Number [REDACTED]

Employee Email john.c.dunne@gm.com

Optional

Vehicle Identification Number (VIN) [REDACTED]

Involved Dealership George Mattick Chevrolet

Please provide a brief description of the problem

There is a bulletin for Battery Energy Control Modules going bad. Mine went bad at ~114k and I can't charge. Is there anything GM can do to help with the approximately \$2000 repair cost?

Is this a safety issue?

No
