

Request 1

State, by model and model year, the number of subject vehicles Ford has manufactured for sale or lease in the United States. Separately, for each subject vehicle manufactured to date by Ford, state the following:

- a. Vehicle identification number (17-character VIN);
- b. Make;
- c. Model;
- d. Model Year;
- e. Subject component part number and design version installed as original equipment;
- f. Date of manufacture (MM/DD/YYYY);
- g. Date warranty coverage commenced (MM/DD/YYYY); and
- h. The State in the United States where the vehicle was originally sold or leased, or delivered for sale or lease (postal abbreviation).
- i. State if VIN was covered by recalls 18V-735 and/or 19V-515, which recall it was covered by, and the date remedy was performed.
- j. If remedied by recall 18V-735 and/or 19V-515, provide the part number and a description of any parts replaced.

**Provide the table in Microsoft Access 2010, or a compatible format, entitled “PRODUCTION DATA.”**

**Answer**

Ford records indicate that the approximate total number of 2012-2018 Ford Focus vehicles sold in the United States (the 50 states and the District of Columbia), protectorates, and territories (American Samoa, Guam, Northern Mariana Islands, Puerto Rico, and Virgin Islands) is 1,479,843.

The number of subject vehicles sold in the United States by model and model year is shown below:

| Model | MY     | Units Produced | Units Sold |
|-------|--------|----------------|------------|
| Focus | 2012   | 317572         | 317554     |
|       | 2013   | 233766         | 233748     |
|       | 2014   | 328127         | 328090     |
|       | 2015   | 158787         | 158719     |
|       | 2016   | 184021         | 183969     |
|       | 2017   | 135405         | 135368     |
|       | 2018   | 122430         | 122395     |
|       | Total: | 1480108        | 1479843    |

The requested data for each subject vehicle is provided in “Request 1 – PRODUCTION DATA”.

For request E, the canister purge valve line assembly design version is not traceable to VIN. The cannister purge valve assembly with base part number (9D289) was installed as original equipment.

The date or approximate date on which the component part number and design version was incorporated into vehicle production is included in response to Request 11.

For request J, the labor operation codes for each repair claim are included in the file "Request 1 – PRODUCTION DATA" in column J. The labor operation codes define the repair completed including the parts replaced. The definitions of each labor operation are included in the worksheet labeled "FSA Labor Op Codes".
