ODI Response – Extension Grant Memo for IR Letter PE23018-02

This memo documents an adjustment to the extension granted to Cruise for submission of responses to the Office of Defects Investigation (ODI) Information Request Letter PE23018-02 for PE23-018 dated November 27, 2023. The original due date for the Information Request Letter was January 8, 2024.

On December 13, 2023, ODI granted Cruise's proposed six (6) week partial extension for responding to Information Request Letter PE23018-02 with a due date of February 19, 2024. ODI is adjusting the due date to February 20, 2024, to accommodate the Federal Holiday President's Day on February 19, 2024.

Cruise will submit their responses in accordance with the chart below. ODI granted this longer than normal extension period due to the vast amount of data that will need to be reviewed to respond to the letter. The nature of the data requires that the review be done manually. Further, the requested data relating to design questions will require input from personnel across the organization.
