Mr. Latta,

The Office of Defects Investigation (ODI) has received your request for an extension to the required response date for the Information Request (IR) letter mailed to you on January 26, 2024 and related to investigation PE23-020. The information requested in the IR is due by the specified date in order to keep the subject investigation on schedule and to minimize any risk the alleged defect may pose to the public.

With this in mind, ODI does however appreciate the effort that goes into responding to an IR letter and your requested extension to the response date for the subject IR letter is granted. The new due date is 3/25/2024.

Thank You,
Bruce York

Bruce,

Per our conversation earlier today, Nissan is requesting a two week extension for parts of our reply to PE23-020.

Nissan anticipates that Requests 1-5 will be ready for submission on the original due date of 3/11/2024.

Nissan plans to submit a partial response with responses to these requests on 3/11/2024.

For the remainder of the requests, Nissan will respond on or before 3/25/2024.
