National Highway Traffic Safety Administration

Re: AQ23-002

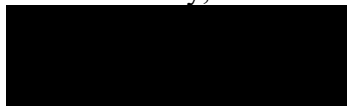

Dear Mr. Ansley and Mr. Lee,

We write on behalf of Mando Corporation, Mando America Corporation, Mando Pyeongtaek Plant, Mando Corporation Mexico, and HL Mando America Corporation (collectively, “Mando”) regarding the information request sent by the National Highway Traffic Safety Administration (“NHTSA”) on April 23, 2024 regarding AQ23-002. Mando provides this response based on its current knowledge and belief.

On May 23, 2024, Mando submitted its response to NHTSA’s April 23, 2024 information request. In that response, Mando explained that it was continuing to review whether additional information should be provided in response to NHTSA’s Request 4 pursuant to the 30-day extension NHTSA granted. Our review of information within the United States did not identify any additional materials responsive to Request 4. Mando reserves the right to supplement its response to NHTSA’s information request in the event additional information becomes available.

Please contact me if you have any questions regarding Mando’s response, or if we can provide any further information.

Sincerely,

Rachel Levick
