**VIA EMAIL**

Mr. Tom Single  
Global Assistant Director  
Automotive Safety Office  
Ford Motor Company  
Fairlane Plaza South  
330 Town Center Drive, Suite 400  
Dearborn, MI 48126-2738

Subject: Information Request ID RQ24-008

Dear Mr. Single:

This letter is to inform you that the Office of Defects Investigation (ODI) of the National Highway Traffic Safety Administration (NHTSA) has opened a Recall Query (RQ24-008) to investigate allegations of underhood fires caused by fuel leak in certain model year (MY) 2022-2023 Ford Bronco Sport and 2022 Ford Escape vehicles manufactured by Ford Motor Company (Ford), and to request certain information.

This office has reviewed and evaluated NHTSA Recall 24V-187 submitted by Ford on March 8, 2024, and has identified significant safety concerns regarding the recall's remedy program. Briefly, NHTSA Recall 24V-187 involves certain MY 2022-2023 Ford Bronco Sport vehicles produced between October 17, 2022 and January 13, 2023, as well as MY 2022 Ford Escape vehicles produced between October 17, 2022 and December 15, 2022. These vehicles have been reported by Ford to be equipped with defective fuel injectors that will crack resulting in liquid fuel and/or fuel vapor to accumulate near ignition sources that may cause vehicle fires, fuel odors both outside and inside of the vehicle, and an increased risk of injury. Based on our review of the alleged defect, the resulting consequences, and the recall's remedy program, ODI believes that the remedy program does not address the root cause of the issue and does not proactively call for the replacement of defective fuel injectors prior to their failure; therefore, ODI has decided to investigate the adequacy and various safety concerns of the remedy program described in NHTSA Recall 24V-187.

Unless otherwise stated in the text, the following definitions apply to these information requests:

- **Subject vehicles:** all MY 2022-2023 Ford Bronco Sport vehicles produced between October 17, 2022 and January 13, 2023, as well as all MY 2022 Ford Escape vehicles produced between October 17, 2022 and December 15, 2022 manufactured for sale or

lease in the United States, including, but not limited to, the District of Columbia, and current U.S. territories and possessions.

- **Peer vehicles:** all MY 2020-2023 Ford Escape vehicles produced between November 19, 2018 and October 17, 2022, as well as all MY 2021-2023 Ford Bronco Sport vehicles produced between February 5, 2020 and October 17, 2022 manufactured for sale or lease in the United States, including, but not limited to, the District of Columbia, and current U.S. territories and possessions.
- **Subject recall:** NHTSA Recall 24V-187 (Ford Recall 24S16) issued on March 8, 2024.
- **Peer recall:** NHTSA Recall 22V-859 (Ford Recall 22S73) issued on November 18, 2022.
- **Subject component:** all fuel injectors manufactured on the subject vehicles.
- **Alleged defect:** Failure or malfunction of the subject component resulting in a fuel leak, fuel odor inside and/or outside of the vehicle, accumulation of liquid fuel and/or fuel vapor near ignition sources, and under hood fires.

**Ford:** Ford Motor Company, all of its past and present officers and employees, whether assigned to its principal offices or any of its field or other locations, including all of its divisions, subsidiaries (whether or not incorporated) and affiliated enterprises and all of their headquarters, regional, zone and other offices and their employees, and all agents, contractors, consultants, attorneys and law firms and other persons engaged directly or indirectly (e.g., employee of a consultant) by or under the control of Ford (including all business units and persons previously referred to), who are or were involved in any way as of January 1, 2017, with any of the following related to the alleged defect in the subject vehicles:

- a. Design, engineering, analysis, modification or production (e.g., quality control);
  - b. Testing, assessment or evaluation;
  - c. Consideration, or recognition of potential or actual defects, reporting, record-keeping and information management, (e.g., complaints, field reports, warranty information, part sales), analysis, claims, lawsuits or arbitrations; or
  - d. Communication to, from or intended for zone representatives, fleets, dealers, or other field locations, including but not limited to people who have the capacity to obtain information from dealers.
- **Document:** “Document(s)” is used in the broadest sense of the word and shall mean all original written, printed, typed, recorded, or graphic matter whatsoever, however produced or reproduced, of every kind, nature, and description, and all non-identical copies of both sides thereof, including, but not limited to, papers, letters, memoranda, correspondence, communications, electronic mail (e-mail) messages (existing in hard copy and/or in electronic storage), faxes, mailgrams, telegrams, cables, telex messages, notes, annotations, working papers, drafts, minutes, records, audio and video recordings, data, databases, other information bases, summaries, charts, tables, graphics, other visual displays, photographs, statements, interviews, opinions, reports, newspaper articles,

studies, analyses, evaluations, interpretations, contracts, agreements, jottings, agendas, bulletins, notices, announcements, instructions, blueprints, drawings, as-builts, changes, manuals, publications, work schedules, journals, statistical data, desk, portable and computer calendars, appointment books, diaries, travel reports, lists, tabulations, computer printouts, data processing program libraries, data processing inputs and outputs, microfilms, microfiches, statements for services, resolutions, financial statements, governmental records, business records, personnel records, work orders, pleadings, discovery in any form, affidavits, motions, responses to discovery, all transcripts, administrative filings and all mechanical, magnetic, photographic and electronic records or recordings of any kind, including any storage media associated with computers, including, but not limited to, information on hard drives, floppy disks, backup tapes, and zip drives, electronic communications, including but not limited to, the Internet and shall include any drafts or revisions pertaining to any of the foregoing, all other things similar to any of the foregoing, however denominated by Ford, any other data compilations from which information can be obtained, translated if necessary, into a usable form and any other documents. For purposes of this request, any document which contains any note, comment, addition, deletion, insertion, annotation, or otherwise comprises a non-identical copy of another document shall be treated as a separate document subject to production. In all cases where original and any non-identical copies are not available, "document(s)" also means any identical copies of the original and all non-identical copies thereof. Any document, record, graph, chart, film or photograph originally produced in color must be provided in color. Furnish all documents whether verified by Ford or not. If a document is not in the English language, provide both the original document and an English translation of the document.

- **Other Terms:** To the extent that they are used in these information requests, the terms "claim," "consumer complaint," "dealer field report," "field report," "fire," "fleet," "good will," "make," "model," "model year," "notice," "property damage," "property damage claim," "rollover," "type," "warranty," "warranty adjustment," and "warranty claim," whether used in singular or in plural form, have the same meaning as found in 49 C.F.R. § 579.4.

In order for my staff to evaluate the alleged defect, certain information is required. Pursuant to 49 U.S.C. § 30166, please provide numbered responses to the following information requests. Insofar as Ford has previously provided a document to ODI, Ford may produce it again or identify the document, the document submission to ODI in which it was included and the precise location in that submission where the document is located. When documents are produced, the documents shall be produced in an identified, organized manner that corresponds with the organization of this information request letter (including all individual requests and subparts).

When documents are produced and the documents would not, standing alone, be self-explanatory, the production of documents shall be supplemented and accompanied by explanation.

Please note that this Information Request is comprised of 2 due dates. Requests #1-#9 constitute the Part 1 of this Information Request and hold the earlier due date. Requests #10-#16 constitute

the Part 2 of this Information Request and hold the later due date. See section “Due Date” for specifics on the due dates.

Please repeat the applicable request verbatim above each response. After Ford’s response to each request, identify the source of the information and indicate the last date the information was gathered.

1. State, by model and model year, the number of subject vehicles Ford has manufactured for sale or lease in the United States. Separately, for each subject vehicle manufactured to date by Ford, state the following:
  - a. Vehicle identification number (17-character VIN);
  - b. Make;
  - c. Model;
  - d. Model Year;
  - e. Subject component part number and design version installed as original equipment;
  - f. Date of manufacture (MM/DD/YYYY);
  - g. Whether or not the vehicle is covered by the subject recall and/or the peer recall;
  - h. Remedy/repair date(s) (MM/DD/YYYY) for the subject recall and/or the peer recall;
  - i. Date warranty coverage commenced (MM/DD/YYYY); and
  - j. The State in the United States where the vehicle was originally sold or leased, or delivered for sale or lease (postal abbreviation).

Provide the table in Microsoft Excel 2010, or a compatible format, entitled “PRODUCTION DATA.” A pre-formatted data collection file, which provides further details regarding this submission, will be provided to you.

2. State the number of each of the following, received by Ford, or of which Ford is otherwise aware, which relate to, or may relate to, the alleged defect in the subject vehicles:
  - a. Consumer complaints, including those from fleet operators;
  - b. Field reports, including dealer field reports;
  - c. Reports involving a crash, injury, or fatality;
  - d. Reports involving a fire;
  - e. Property damage claims;
  - f. Third-party arbitration proceedings, both pending and closed, where Ford is or was a party to the arbitration; and
  - g. Lawsuits, both pending and closed, in which Ford is or was a defendant or codefendant.

For subparts “a” through “g,” state the total number of each item (e.g., consumer complaints, field reports, etc.) separately. Multiple incidents involving the same vehicle are to be counted separately. Multiple reports of the same incident are also to be counted separately (i.e., a consumer complaint and a field report involving the same incident in which a crash occurred are to be counted as a crash report, a field report and a consumer complaint).

In addition, for items “c” through “g,” provide a summary description of the alleged problem and causal and contributing factors and Ford’s assessment of the problem, with a summary of the significant underlying facts and evidence. For items “f” and “g,” identify the parties to

the action, as well as the caption, court, docket number, and date on which the complaint or other document initiating the action was filed.

3. Separately, for each item (complaint, report, claim, notice, or matter) within the scope of your response to Request No. 2, state the following information:
  - a. Ford's file number or other identifier used;
  - b. The category of the item, as identified in Request No. 2 (i.e., consumer complaint, field report, etc.);
  - c. Vehicle owner or fleet name (and fleet contact person), email address and telephone number (please use distinct fields for each data type);
  - d. Vehicle owner or fleet street address, city, state (postal abbreviation), and ZIP code (please use distinct fields for each data type);
  - e. Vehicle's 17-character VIN;
  - f. Vehicle's make, model and model year (please use distinct fields for each data type);
  - g. Vehicle's mileage at time of incident (numeric data type);
  - h. Incident date (MM/DD/YYYY);
  - i. Report or claim date (MM/DD/YYYY);
  - j. Whether a crash is alleged;
  - k. Whether a fire is alleged;
  - l. Whether property damage is alleged;
  - m. Number of alleged injuries, if any; and
  - n. Number of alleged fatalities, if any.

Provide this information in Microsoft Excel 2010, or a compatible format, entitled "REQUEST NUMBER TWO DATA." A pre-formatted data collection file, which provides further details regarding this submission, will be provided to you.

4. Produce copies of all documents related to each item within the scope of Request No. 2. Organize the documents separately by category (i.e., consumer complaints, field reports, etc.) and describe the method Ford used for organizing the documents. Describe in detail the search methods and search criteria used by Ford to identify the items in response to Request No. 2.
5. State, by model and model year, a total count for all of the following categories of claims, collectively, that have been paid by Ford to date that relate to, or may relate to, the alleged defect in the subject vehicles: warranty claims; extended warranty claims; claims for good will services that were provided; field, zone, or similar adjustments and reimbursements; and warranty claims or repairs made in accordance with a procedure specified in a technical service bulletin or customer satisfaction campaign.

Separately, for each such claim, state the following information:

- a. Ford's claim number;
- b. Vehicle owner or fleet name (and fleet contact person), email address and telephone number (please use distinct fields for each data type);
- c. Vehicle owner or fleet street address, city, state (postal abbreviation), and ZIP code (please use distinct fields for each data type);

- d. 17-character VIN;
- e. Repair date (MM/DD/YYYY);
- f. Vehicle mileage at time of repair (numeric data type);
- g. Repairing dealer's or facility's name, telephone number, city and state or ZIP code (please use distinct fields for each data type);
- h. Labor operation number(s);
- i. Problem code(s);
- j. Diagnostic trouble code(s);
- k. Replacement part number(s) and description(s);
- l. Concern stated by customer;
- m. Cause as stated on the repair order;
- n. Correction as stated on the repair order; and
- o. Additional comments, if any, by dealer/technician relating to claim and/or repair.

Provide this information in Microsoft Excel 2010, or a compatible format, entitled "WARRANTY DATA." A pre-formatted data collection file, which provides further details regarding this submission, will be provided to you.

- 6. Describe in detail the search methods and search criteria used by Ford to identify the claims in response to Request No. 5, including the labor operations, problem codes, diagnostic trouble codes, part numbers and any other pertinent parameters used.
- 7. Provide a list of all labor operations, labor operation descriptions, problem codes, and problem code descriptions, diagnostic trouble codes and diagnostic trouble code descriptions applicable to the alleged defect in the subject vehicles. State whether the diagnostic trouble codes are automatically reported to the warranty database electronically or manually entered into the warranty database by a claims administrator.
- 8. State, by make and model year, the terms of the new vehicle warranty coverage offered by Ford on the subject vehicles (i.e., the number of months and mileage for which coverage is provided and the vehicle systems that are covered). Describe any extended warranty coverage option(s) that Ford offered for the subject vehicles and state by option, model, and model year, the number of vehicles that are covered under each such extended warranty.
- 9. Produce copies of all service, warranty, and other documents that relate to, or may relate to, the alleged defect in the subject vehicles, that Ford has issued to any dealers, regional or zone offices, field offices, fleet purchasers, or other entities. This includes, but is not limited to, bulletins, advisories, informational documents, training documents, or other documents or communications, with the exception of standard shop manuals. Also include the latest draft copy of any communication that Ford is planning to issue within the next 120 days.

***End of Part 1***

---

***Start of Part***

10. Describe all assessments, analyses, tests, test results, studies, surveys, simulations, investigations, inquiries and/or evaluations (collectively, “actions”) that relate to, or may relate to, the alleged defect in the subject vehicles that have been conducted, are being conducted, are planned, or are being planned by, or for, Ford. For each such action, provide the following information:
- Action title or identifier;
  - The actual or planned start date;
  - The actual or expected end date;
  - Brief summary of the subject and objective of the action;
  - Engineering group(s)/supplier(s) responsible for designing and for conducting the action; and
  - A brief summary of the findings and/or conclusions resulting from the action.

For each action identified, provide copies of all documents related to the action, regardless of whether the documents are in interim, draft, or final form. Organize the documents chronologically by action.

11. Describe all modifications or changes made by, or on behalf of, Ford in the design, material composition, manufacture, quality control, supply, or installation of the subject component, from the start of production to date, which relate to, or may relate to, the alleged defect in the subject vehicles. For each such modification or change, provide the following information:
- The date or approximate date on which the modification or change was incorporated into vehicle production;
  - A detailed description of the modification or change;
  - The reason(s) for the modification or change;
  - The part number(s) (service and engineering) of the original component;
  - The part number(s) (service and engineering) of the modified component;
  - Whether the original unmodified component was withdrawn from production and/or sale, and if so, when;
  - When the modified component was made available as a service component; and
  - Whether the modified component can be interchanged with earlier production components.

Also, provide the above information for any modification or change that Ford is aware of which may be incorporated into vehicle production within the next 120 days.

12. State the number of each of the following that Ford has sold that may be used in the subject vehicles by component name, part number (both service and engineering/production), model and model year of the vehicle in which it is used and month/year of sale (*including the cut-off date for sales, if applicable*):
- Subject component; and
  - Any kits that have been released, or developed, by Ford for use in service repairs to the subject component/assembly.

For each component part number, provide the supplier's name, address, and appropriate point of contact (name, title, and telephone number). Also identify by make, model and model year, any other vehicles of which Ford is aware that contain the identical component, whether installed in production or in service, and state the applicable dates of production or service usage.

13. Please provide responses to the following items for the subject recall and the peer recall, separately:
- a. A summary of Ford's assessment of the root cause and consequences of the alleged defect, and a summary of Ford's assessment of the remedy program's effectiveness;
  - b. A summary of any test programs conducted that validated the remedy was sufficient in resolving the alleged defect, and whether hardware repairs are needed; and
  - c. A summary of any alternative remedy programs that were considered, and any associated cost-benefit analyses that were conducted when selecting the remedy program.

In addition, please provide a summary of Ford's investigative process, and Ford's findings, which culminated in the issuing of Customer Satisfaction Program 22N18, and whether Ford plans on issuing a similar Customer Satisfaction Program for the subject vehicles.

14. Please provide a detailed summary as to how each of the software updates contribute to resolving the alleged defect for each of the following items:
- a. Detection of a pressure drop in the fuel rail
    - i) What is the pressure drop threshold for triggering detection?
    - ii) How much time elapses between cracking of the subject component and detection?
  - b. Instrument cluster messaging to the customer to seek service
    - i) What parameters must be met to trigger the seek service messaging?
    - ii) What visual and auditory messaging does the software activate?
    - iii) Does the messaging remain activate until service is performed, or can it be overridden?
  - c. Disablement of the high-pressure fuel pump
    - i) How is the high-pressure fuel pump disabled and what effect does this have on other components within the entire fuel system?
    - ii) How does a disabled high-pressure fuel pump affect vehicle performance?
  - d. Derating engine power output
    - i) What parameters must be met to initiate derating of the engine power output?
    - ii) What is the amount of reduction in vehicle power (i.e. limitations of speed, RPM, etc.)?
    - iii) Does the engine derating occur immediately following the detection of pressure drop or is there a time delay?

15. Please provide a detailed summary to each of the follow items regarding fuel leakage:
- a. The testing programs Ford conducted to determine the fuel leak rate (19L/hour) as stated in the subject recall and the peer recall, and whether this rate represents a full or partial failure of the subject component;
  - b. Ford's estimation of the amount of fuel that has been, and will be, leaked onto the roadway due to the alleged defect from the subject vehicles and peer vehicles until the appropriate repairs have been, or will be, performed;
  - c. Ford's analysis of how the fuel leakage levels associated with the subject recall and the peer recall comply with any standards (NHTSA, EPA, or other);
  - d. Ford's knowledge of any corrective actions (recalls, TSBs, Customer Satisfaction Programs, or other) conducted by Ford, or any other automotive manufacturer, issued prior to the peer recall whereby the remedy for a defect involved knowingly leaking fuel onto the roadway; and
  - e. Ford's perspective as to its obligations (legal, ethical, environmental, or other) to prevent and/or limit fuel leakage onto the roadway at any point during a vehicle's lifespan.
16. Furnish Ford's assessment of the alleged defect in the subject vehicles, including:
- a. The causal or contributory factor(s);
  - b. The failure mechanism(s);
  - c. The failure mode(s);
  - d. The risk to motor vehicle safety that it poses; and
  - e. What warnings, if any, the operator and the other persons both inside and outside the vehicle would have that the alleged defect was occurring, or subject component was malfunctioning;

### **Legal Authority for This Request**

This letter is being sent to Ford pursuant to 49 U.S.C. § 30166, which authorizes NHTSA to conduct any investigation that may be necessary to enforce Chapter 301 of Title 49 and to request reports. It constitutes a new request for information.

### **Civil Penalties**

Ford's failure to respond promptly and fully to this letter could subject Ford to civil penalties pursuant to 49 U.S.C. § 30165 or lead to an action for injunctive relief pursuant to 49 U.S.C. § 30163. (Other remedies and sanctions are available as well.) The Vehicle Safety Act, 49 U.S.C. § 30165(a)(3), provides for civil penalties of up to \$27,168 per violation per day, with a maximum of \$135,828,178 for a related series of daily violations, for failing or refusing to perform an act required under 49 U.S.C. § 30166. *See* 49 C.F.R. § 578.6(a)(3). This includes failing to respond completely, accurately, or in a timely manner to ODI information requests.

If Ford cannot respond to any specific request or subpart(s) thereof, please state the reason why it is unable to do so. If on the basis of attorney-client, attorney work product, or other privilege, Ford does not submit one or more requested documents or items of information in response to this information request, Ford must provide a privilege log identifying each document or item withheld, and stating the date, subject or title, the name and position of the person(s) from, and

the person(s) to whom it was sent, and the name and position of any other recipient (to include all carbon copies or blind carbon copies), the nature of that information or material, and the basis for the claim of privilege and why that privilege applies.

### **Confidential Business Information**

If Ford's response contains any information that you claim is confidential business information, Ford must request two secure electronic file transfer links from Joseph Geissler at joseph.geissler@dot.gov. One secure electronic file transfer link is for your request for confidential treatment and will be directed to NHTSA's Office of the Chief Counsel. Please see enclosure 1 for additional instructions on submitting a request for confidential treatment that is compliant with 49 C.F.R. Part 512 (specifically, a request for confidential treatment must include the four required parts that are discussed in enclosure 1). The second secure electronic file transfer link is for your non-confidential response to this letter. Do not submit any confidential business information along with your non-confidential submission. Please refer to RQ24-008 in Ford's response to this letter and in a request for confidential treatment that Ford may submit.

### **Due Date**

Ford's response to Part 1 of this letter, Requests #1-#9, must be submitted to this office by May 31, 2024. Ford's response to Part 2 of this letter, Requests #10-#16, must be submitted to this office by June 21, 2024. If Ford finds that it is unable to provide all of the information requested within the time allotted, Ford must request an extension from me at (202) 366-6178 no later than five business days before the response due date. If Ford is unable to provide all of the information requested by the original deadline, it must submit a partial response by the original deadline with whatever information Ford then has available, even if an extension has been granted.

If you have any technical questions concerning this matter, please call Joseph Geissler of my staff at (202) 366-7740.

Sincerely,

*Peter Kivett*

Pete Kivett, Chief  
Vehicle Defect Division C  
Office of Defects Investigation

Enclosure 1, Information for Requests for Confidential Treatment.

## ENCLOSURE 1 – INFORMATION FOR REQUESTS FOR CONFIDENTIAL TREATMENT

If you believe that your response contains any material that you claim is confidential business information, submit these materials to NHTSA’s Office of the Chief Counsel in accordance with 49 C.F.R. Part 512. **All requests for confidential treatment must be submitted directly to the Office of the Chief Counsel. Upon request, ODI will provide you with a secure file transfer link for your submission to the Office of the Chief Counsel.**

Requests for confidential treatment are governed by Part 512. A current version of this regulation is available on the internet at <http://www.ecfr.gov> by selecting Title 49 “Transportation,” selecting “Parts 500 – 599” and then selecting Part 512 “Confidential Business Information.”

### How to request confidential treatment:

NHTSA is currently treating electronic submission as an acceptable method for submitting confidential business information to the agency under Part 512. If you claim that any of the information or documents provided in your response constitutes confidential business information within the meaning of 5 U.S.C. § 552(b)(4), or are protected from disclosure pursuant to 18 U.S.C. § 1905, you must request a secure file transfer link from the ODI contact listed in your Information Request. ODI will copy a representative from the Office of the Chief Counsel on the secure file transfer link for your request for confidential treatment. You must submit supporting information together with the materials that are the subject of the confidentiality request, in accordance with Part 512, to the Office of the Chief Counsel. Do not send a hardcopy of a request for confidential treatment to NHTSA’s headquarters.

Your request must include a request letter that contains supporting information, pursuant to Part 512.8. Your request must also include a certificate, pursuant to Part 512.4(b) and Part 512, Appendix A.

You are required to submit one unredacted “confidential version” of the information for which you are seeking confidential treatment. Pursuant to Part 512.6, the words “ENTIRE PAGE CONFIDENTIAL BUSINESS INFORMATION” or “CONFIDENTIAL BUSINESS INFORMATION CONTAINED WITHIN BRACKETS” (as applicable) must appear at the top of each page containing information claimed to be confidential. In the latter situation, where not all information on the page is claimed to be confidential, identify each item of information for which confidentiality is requested within brackets: “[ ].”

You are also required to submit one redacted “public version” of the information for which you are seeking confidential treatment. Pursuant to Part 512.5(a)(2), the redacted “public version” should include redactions of any information for which you are seeking confidential treatment (i.e., the only information that should be unredacted is information for which you are **not** seeking confidential treatment).

For questions about a request for confidential treatment, please contact Dan Rabinovitz in the Office of the Chief Counsel at [Daniel.Rabinovitz@dot.gov](mailto:Daniel.Rabinovitz@dot.gov) or (202)366-8534.
