Bruce – our request is for 12-18 to be submitted on 9/9. This accounts for additional time (10 days) beyond the typical 2 week extension to cover the Japan golden week.

Bruce,

Nissan would like to request an extension for the complete response to PE24-017 that is due 8/14. The length of the extension request is due to a mandatory 10-day shut-down that effects our Japanese counterparts assisting with the data collection. The submission date requested for the complete response is September *9th*.

On 8/14, Nissan will submit our partial response that will include Q1 with the exception of "1.i" and a complete response to Q2 through Q11. Please let me know if you have any questions regarding this request.

Thank you,
