As a Fisker Ocean One owner, what are my exclusive benefits?

With your launch-edition Fisker Ocean One, you enjoy this exclusive package of benefits, discounts, and free services uniquely connected to your vehicle:

- Free vehicle infotainment system upgrades: Every upgrade to your infotainment system—including the next generation ICC chip at a currently estimated worth of $2,995 —is free for you. We expect this chip to be available in the 1st half of 2025.
- Free OTA (over the air) upgrades: Additionally, select new features that we OTA are completely complimentary on your Fisker Ocean One during your vehicle's life (contingent upon hardware compatibility),
- Lifetime Complimentary Premium Wireless Connectivity: Previously 3 years, the service is now extended through the life of your vehicle, and is expected to be upgraded from 4G to 5G in mid-2024.
- 10-year hotspot: Your vehicle will be equipped with a hotspot with up to 15gb of free data usage a month, active for a full decade.
- Early access to new features: You'll be the first to experience new vehicle features, gaining access to them before any other customers.
- Extended warranty: You're getting a one-year/12,000 mile global extension to your Fisker basic warranty, extending your coverage through the first seven years/72,000 miles (whichever occurs first).
- 4-year/48,000-mile service package: Enjoy our service package that covers repairs on select components of your Fisker Ocean One within the first 4 years or 48,000 miles (whichever occurs first) at no additional cost per the parameters of your service agreement.
- Free first tire replacement: You will receive a free set of 4 original Bridgestone Alenza Sport A/S tires (or equivalent) for your first tire replacement at a Fisker Certified Facility.
- $1,000 ChargePoint gift card: Charge your Fisker Ocean One for free up to $1,000 at ChargePoint charging stations nationwide. Please note: you must activate your gift card by the end of 2024 for it to remain valid for use. Once activated, the credits will only be applied to one account and are non-transferable.
- Future benefits that include automatic access to the Fisker Ocean One Membership Club, limited edition Fisker branded merchandise, and invitations to special events and private test drive opportunities for future vehicle models.

When will my Fisker Ocean One owner-exclusive benefits be available to me?

Most of your owner-exclusive benefits are activated when you purchase your vehicle and are already accessible via your Rewards Page. Current exceptions are your ChargePoint gift card and free first tire replacement which will both be available soon.

When your $1000 ChargePoint gift card benefit becomes accessible, you can anticipate being prompted to activate it for a promo code that will be delivered by email.

When your free first tire replacement benefit becomes accessible, activating it will put you in touch with a service advisor who will guide you through ordering your tires & arranging their installation at a Fisker Certified Facility near you.

If I sell my Fisker Ocean One, do my owner-exclusive benefits transfer to the new owner?

Yes. Each Fisker Ocean One owner benefits package is associated with a unique vehicle via its VIN, and any unredeemed benefits will transfer with a sale.

Terms and Conditions

1. Hardware updates, installation of the free set of tires, and services performed under the extended warranty and service package must be performed at a Certified Fisker Service Center at a previously arranged appointment. The timing of the listed hardware updates is an estimate only. Fisker will inform you at your last known email address when the hardware updates are available. You are responsible for ensuring that Fisker always has your current email address to contact you and that Fisker is in your allowed contact list and not blocked by spam filter or similar software.
2. Free infotainment system upgrades, OTA upgrades, premium connectivity, and hotspot availability are subject to compatibility of necessary hardware components of the vehicle and availability of third-party connectivity services.
3. Upgrading from 4G to 5G will require changing hardware and additional antennae installation. This must be performed at a Certified Fisker Service Center at a previously arranged appointment.
4. The service package is limited to replacement of brakes (pads & rotors), wipers and cabin filters and tire rotations, each at Fisker recommended levels of wear or time interval.
5. The terms and conditions of your New Vehicle Limited Warranty (located here) apply to the extended warranty and service package. The extended warranty and service package are not available for vehicles utilized in fleet services or as public transport for a fee.
6. The ChargePoint gift card is subject to the ChargePoint terms and conditions for services and your ChargePoint account.
