

PE24-013 – Automatic Emergency Braking

Q6

Describe in detail the search methods and search criteria used by Fisker to identify the claims in response to Request No. 5, including the labor operations, problem codes, diagnostic trouble codes, part numbers and any other pertinent parameters used.

Q6 Response:

Search Methodology:

- Service work order information was extracted from Fisker's Salesforce - Storefront Work Order System as Fisker's warranty system is not operational as of this submission.
- Service Work Orders associated with delivered vehicles, having a create date from 2/2023 through 7/2024, and United States service locations, were searched for customer concerns pertaining to:
 - ADAS, Automatic Emergency Braking, and Braking.
- Each work order was manually reviewed by the warranty and regulatory team for relevance to the alleged defect. Concerns identified as pertaining to the alleged defect are contained in the spreadsheet provided.
