This is a damage assessment only - Not an authorization to repair-based on damage visible or certain at the time it was written.

If frame or unibody repair is included on this estimate, the amount shown includes time or allowance for measuring before, during and after those repairs.

The owner of the vehicle may select the repair facility of his/her choice.

To ensure proper and prompt payment for additional damage discovered during the course of repairs, contact [redacted] for supplement handling procedures.

[redacted] honors the prevailing labor market rate in your area for your property. If you choose a shop that charges in excess of the prevailing labor market rates, you will be responsible for the difference.

Lifetime guarantee for sheet metal and plastic body parts

If the vehicle is a total loss, payment will not be based on this estimate or cost of repairs, in order to determine the appropriate title for sale of salvage, this estimate may be audited and revised.

The replacement parts written on the estimate are intended to return your vehicle to its pre-loss condition with proper installation. After repair, if any sheet metal or plastic body part included in the estimate fails to return your vehicle to its pre-loss condition (assuming proper installation), in terms of form, fit, finish, durability or functionality, [redacted] will arrange and pay for the replacement of the part, to the extent not covered by a manufacturer's or other warranty. This service will be performed at no cost to you (including associated repair and rental car costs). To obtain service under this Guarantee, call [redacted] at [redacted]. This Guarantee applies as long as you own or lease the vehicle. This Guarantee is not transferable and terminates if you sell or otherwise transfer your vehicle.

This guarantee does not cover normal wear and tear or damage caused by improper maintenance, neglect, abuse or subsequent accident. This guarantee is limited to arranging for the selection of repair parts that will return your vehicle to its pre-loss condition. Accordingly, [redacted] will not be liable for any indirect, incidental or consequential damages that result from the installation or use of these parts.

Part Type Terms and Abbreviations
NEW and OEM or part number displayed - These refer to a new, original equipment manufacturer part.
[redacted] Certified: This refers to a new, certified non-original equipment manufacturer replacement part.
[redacted]: This refers to a new, non-original equipment manufacturer

[redacted] LC SV

replacement part.
Recycled: This refers to a used OEM part.
Remanufactured and Recond. and Recore: These refer to recycled OEM parts that have been rebuilt or refurbished.
OEM Surplus Part: This refers to new OEM parts, that are excess inventory from the Original Equipment Manufacturer.
Recovered OE - This refers to parts removed from a new vehicle for various reasons.

The following notice applies to third party claims only: failure to use the insurance proceeds in accordance with the security agreement, if any, could be a violation of [redacted]. If you have any questions contact your lending institution.

Please be advised that in the event the Progressive entity listed at the top of this estimate and the shop are not able to reach an agreed price for the amount of the loss, then the Progressive entity immediately places the shop on notice that it will invoke its right to appraisal as set forth in the applicable policy.

Repair shop's authorized representative's signature indicating agreement on cost to return the vehicle to pre-loss condition including tow/storage charges:

Vehicle Valuation Methodology Explanation

[redacted] Total Loss was designed and built in conjunction with [redacted], experts in data analysis and vehicle pricing and a highly trusted name among consumers. With [redacted] of experience in vehicle pricing, [redacted] a credible, third-party expert whose name provides consumer recognition and confidence. [redacted] provides a consistent methodology across all vehicles and it includes valid comparable vehicles that most closely resemble the totaled vehicle and are similar to the vehicles a consumer would find in their own research.

[redacted] Total Loss produces accurate and easy-to-understand vehicle valuations via this [redacted] process:

[redacted]1 - Locate Comparable Vehicles

Locate vehicles that are the closest match to the loss vehicle in the same market area. [redacted] Total Loss utilizes consumer-based vehicle sources along with inventory directly from Dealerships. When available [redacted] also provides sold vehicle records from sources such as [redacted].

[redacted]2 - Adjust Comparable Vehicles

Make adjustments to the prices of the comparable vehicles. The comparable vehicles are identical to the loss vehicle except where adjustments are itemized. There are several types of comparable vehicle adjustments

- Projected Sold Adjustment - an adjustment to reflect consumer purchasing behavior (negotiating a different price than the listed price).
- Mileage Adjustment - an adjustment for differences in mileage between the comparable vehicle and the loss vehicle.
- Equipment- adjustments for differences in equipment between the comparable vehicle (e.g. equipment packages and options) and the loss vehicle.

[redacted] - Calculate Base Vehicle Value

The base vehicle value is calculated by averaging the adjusted prices of the comparable vehicles.

[redacted]4 - Calculate Loss Vehicle Adjustments

There are [redacted] of loss vehicle adjustments:

- Condition Adjustment:

  Adjustments to account for the condition of the loss vehicle prior to the loss.

- Prior Damage Adjustment:

  Adjustments to account for any prior damage present on the loss vehicle prior to the loss.

- After Market Part Adjustment:

  Adjustments to account for any after market parts present on the loss vehicle prior to the loss.

- Refurbishment Adjustment:

  Adjustments to account for any refurbishment performed on the loss vehicle prior to the loss.

[redacted] - Calculate the Market Value

The Market Value is calculated by applying the loss vehicle adjustments to the base value.

Mr. [redacted] Via email
Progressive Insurance [redacted]

Re: Your Claim No.: [redacted]
Your Insured/[redacted] Law File Reference: [redacted]
DOL: [redacted]

Dear Mr. [redacted],

Please be advised that [redacted] has retained our office to handle your recently submitted subrogation claim regarding the above-referenced customer. In order to efficiently process and consider your claim, we request that you provide us with the following information: (Please note that the information requested is in regard to the [redacted] manufactured vehicle.)

1. Your insured's statement with a complete description of the incident, including events that occurred prior to and subsequent to the loss. INCLUDED
2. Police and/or fire department report. N/A
3. Clear color photographs of all sides of the vehicle, the vehicle damage, and **the alleged defective parts**, from several different angles. INCLUDED
4. Color photographs of the inside of the vehicle showing the steering wheel, dash and roof areas. INCLUDED
5. Color photographs of the accident/fire scene from several different angles. N/A
6. Your expert's report and the expert's color photographs. INCLUDED
7. Repair estimate, repair order, or your total loss worksheet for the vehicle's damage and any losses associated with this incident, and copies of draft payments. INCLUDED
8. Complete service history for the subject vehicle, including any tune-ups or oil changes. N/A
9. Complete damage listing and proofs. INCLUDED

Please answer the following below or on a separate document/email:

10. What was the city and state of occurrence? OKEECHOBBEE, FL
11. The 17 digit vehicle identification number (VIN): [redacted]
12. What was the mileage at the time of occurrence? [redacted]
13. What is the alleged defect? WARRANTY
14. Has the alleged defective part been repaired or replaced? NO
15. What is the current location of the vehicle, and the alleged defective part(s)? [redacted]
16. List all after-market additions or modifications that were made to the vehicle: N/A

[redacted]

17. Were the keys in the ignition? YES

18. Was the engine running? YES

19. Was this vehicle purchased new or used? N/A

20. If purchased used, provide the date of purchase, mileage at the time of purchase, and from whom the vehicle was purchased: N/A

21. Does the insured's vehicle have any type of sensors or driver monitoring/tracking device from the vehicle insurer? _____ If yes, please provide a copy of any data/report recorded from the loss. N/A

Once you have compiled the requested information regarding this matter, please email it to [redacted]. When we receive the requested information, we will thoroughly review it and notify you of our decision concerning your claim. Should you not send all the requested information and materials within [redacted], we will assume that you are not interested in pursuing a claim and we will close our file. Please note that your vehicle will not be inspected until the above information has been submitted and a determination has been made as to whether an inspection is warranted.

Please be advised that all necessary steps should be taken to ensure that the incident scene, the subject vehicle, and all of its components are maintained and preserved. [redacted] has the right to inspect the scene and the vehicle, remove and test any vehicle component part that you claim to be defective, and to be presented with the vehicle and subject component part(s) at the time of trial, should litigation ensue from this informal claim.

If you propose to repair the vehicle for continued usage, such repairs may not be performed until after [redacted] has inspected the vehicle and removed and tested any component part you claim to be defective or advised you in writing that it does not intend to perform such inspection and/or testing at this time. But even in that event, [redacted] will insist that all components claimed to be defective are maintained and preserved for trial.

Thank you for your attention to these matters. Should you have any questions, please feel free to contact the case handler [redacted] at your convenience: [redacted] or [redacted]. We look forward to working with you on this matter.

Very truly yours,

[redacted]

NOTICE OF SUBROGATION CLAIM

Please accept this letter as formal notice of our subrogation rights in regard to the above-captioned claim. Demand is hereby made upon you for payment of [redacted] damages and those of our insured.

Our investigation indicates damages to our insured's vehicle was a direct result of a manufacturer's defect or negligence on your behalf. Enclosed please find all supporting documentation.

Please acknowledge receipt of my subrogation demand and forward your payment of [redacted] to my attention, payable to "[redacted] as subrogee of [redacted]", and remit to the following address:

[redacted]

You can contact me at the number listed below should you need additional documentation or to discuss this claim.

Thank you for your anticipated cooperation.

This is a damage assessment only - Not an authorization to repair-based on damage visible or certain at the time it was written.

If frame or unibody repair is included on this estimate, the amount shown includes time or allowance for measuring before, during and after those repairs.

The owner of the vehicle may select the repair facility of his/her choice.

To ensure proper and prompt payment for additional damage discovered during the course of repairs, contact [redacted] for supplement handling procedures.

[redacted] honors the prevailing labor market rate in your area for your property. If you choose a shop that charges in excess of the prevailing labor market rates, you will be responsible for the difference.

Lifetime guarantee for sheet metal and plastic body parts

If the vehicle is a total loss, payment will not be based on this estimate or cost of repairs, in order to determine the appropriate title for sale of salvage, this estimate may be audited and revised.

The replacement parts written on the estimate are intended to return your vehicle to its pre-loss condition with proper installation. After repair, if any sheet metal or plastic body part included in the estimate fails to return your vehicle to its pre-loss condition (assuming proper installation), in terms of form, fit, finish, durability or functionality, [redacted] will arrange and pay for the replacement of the part, to the extent not covered by a manufacturer's or other warranty. This service will be performed at no cost to you (including associated repair and rental car costs). To obtain service under this Guarantee, call [redacted] at [redacted]. This Guarantee applies as long as you own or lease the vehicle. This Guarantee is not transferable and terminates if you sell or otherwise transfer your vehicle.

This guarantee does not cover normal wear and tear or damage caused by improper maintenance, neglect, abuse or subsequent accident. This guarantee is limited to arranging for the selection of repair parts that will return your vehicle to its pre-loss condition. Accordingly, [redacted] will not be liable for any indirect, incidental or consequential damages that result from the installation or use of these parts.

Part Type Terms and Abbreviations

NEW and OEM or part number displayed - These refer to a new, original equipment manufacturer part.

[redacted] Certified: This refers to a new, certified non-original equipment manufacturer replacement part.

replacement part.
Recycled: This refers to a used OEM part.
Remanufactured and Recond. and Recore: These refer to recycled OEM parts that have been rebuilt or refurbished.
OEM Surplus Part: This refers to new OEM parts, that are excess inventory from the Original Equipment Manufacturer.
Recovered OE - This refers to parts removed from a new vehicle for various reasons.

The following notice applies to third party claims only: failure to use the insurance proceeds in accordance with the security agreement, if any, could be a violation of [redacted], [redacted]. If you have any questions contact your lending institution.

Please be advised that in the event the Progressive entity listed at the top of this estimate and the shop are not able to reach an agreed price for the amount of the loss, then the Progressive entity immediately places the shop on notice that it will invoke its right to appraisal as set forth in the applicable policy.

Repair shop's authorized representative's signature indicating agreement on cost to return the vehicle to pre-loss condition including tow/storage charges:

Vehicle Valuation Methodology Explanation

[redacted] Total Loss was designed and built in conjunction with [redacted], experts in data analysis and vehicle pricing and a highly trusted name among consumers. With [redacted] of experience in vehicle pricing, [redacted] a credible, third-party expert whose name provides consumer recognition and confidence. [redacted] provides a consistent methodology across all vehicles and it includes valid comparable vehicles that most closely resemble the totaled vehicle and are similar to the vehicles a consumer would find in their own research.

[redacted] Total Loss produces accurate and easy-to-understand vehicle valuations via this [redacted] process:

[redacted] - Locate Comparable Vehicles

Locate vehicles that are the closest match to the loss vehicle in the same market area. [redacted] Total Loss utilizes consumer-based vehicle sources along with inventory directly from Dealerships. When available [redacted] also provides sold vehicle records from sources such as [redacted].

[redacted] 2 - Adjust Comparable Vehicles

Make adjustments to the prices of the comparable vehicles. The comparable vehicles are identical to the loss vehicle except where adjustments are itemized. There are several types of comparable vehicle adjustments

- Projected Sold Adjustment - an adjustment to reflect consumer purchasing behavior (negotiating a different price than the listed price).
- Mileage Adjustment - an adjustment for differences in mileage between the comparable vehicle and the loss vehicle.
- Equipment- adjustments for differences in equipment between the comparable vehicle (e.g. equipment packages and options) and the [redacted] vehicle.

[redacted] - Calculate Base Vehicle Value

The base vehicle value is calculated by averaging the adjusted prices of the comparable vehicles.

[redacted] - Calculate Loss Vehicle Adjustments

There are [redacted] of loss vehicle adjustments:

- Condition Adjustment:

  Adjustments to account for the condition of the loss vehicle prior to the loss.

- Prior Damage Adjustment:

  Adjustments to account for any prior damage present on the loss vehicle prior to the loss.

- After Market Part Adjustment:

  Adjustments to account for any after market parts present on the loss vehicle prior to the loss.

- Refurbishment Adjustment:

  Adjustments to account for any refurbishment performed on the loss vehicle prior to the loss.

[redacted] - Calculate the Market Value

The Market Value is calculated by applying the loss vehicle adjustments to the base value.

Re: Insured: [redacted]
Claim No: [redacted]
[redacted] File No: [redacted]
Subject: **Report of Findings**

Dear Mr. [redacted]:

On [redacted], a fire involving a [redacted] pickup [redacted], reportedly occurred as the vehicle was being driven on [redacted].

[redacted] was retained to conduct an examination of the vehicle and determine the origin and cause of the fire. In the course of our work, we examined and documented the fire-damaged vehicle on [redacted]. Our work to complete this assignment was performed by [redacted]. This report was technically reviewed by [redacted] (V), [redacted] Fire Manager.

While conducting our investigation, we employed the methodology of fire investigation using a systematic approach as recommended in the current edition of the National Fire Protection Association's NFPA-921 "Guide for Fire and Explosion Investigations".

Conclusions

1. An effective fire-pattern analysis and review of the remaining physical evidence concluded that the [redacted] sustained severe fire damage.

2. The fire originated in the front engine compartment.

3. The specific area of fire origin was identified as being located on/or near the front, left side of the engine compartment.

4. The specific ignition sequence and cause of the fire could not be conclusively determined, due to severity of the fire damage in the area of fire origin and the lack of remaining physical evidence. The [redacted] ignited could not be identified.

Discussion

The involved vehicle was a [redacted] pickup truck, vehicle identification number (VIN) [redacted]. The vehicle, reportedly sustained a fire in the front engine compartment while being driven at [redacted]) on [redacted]. The vehicle was owned by Mr. [redacted], and the vehicle was used for business and personal use.

On [redacted] examination of the fire-damaged vehicle, commenced at the [redacted] vehicle storage facility in [redacted] During our examination of the fire-damaged vehicle, we utilized a systematic approach in order to consider the origin and cause of the fire. Digital photographs were taken to provide visual documentation of our findings.

For the purposes of this report, the left side of the vehicle is synonymous with the driver's side and the right side is synonymous with the passenger side of the fire-damaged vehicle

An Internet search of the [redacted] ([redacted] recall database revealed that there were no open recall notices for the [redacted] with VIN [redacted]. However, a [redacted] ([redacted] Bulletin [redacted] was issued on [redacted], regarding [redacted] and later model year Super Duty Pickups and Chassis Cabs. The [redacted] involved grounding concerns resulting in interior smoke, odor, and in some cases, fire. The [redacted] is attached to this report.

Upon arrival at the [redacted] storage facility in [redacted], the fire-damaged vehicle was found wrapped in plastic and was positioned on an incline. An examination of the undercarriage of the vehicle could not be completed during our inspection. According to the [redacted] manager, the vehicle could not be lifted, due to the excessive weight of the vehicle and the capabilities of their forklift could not lift the vehicle safely.

The examination of the [redacted] pickup truck began with an exterior inspection, starting with the front of the vehicle and working around the vehicle in a clockwise rotation. The vehicle sustained severe fire damage and the direction of fire travel was from the front of the vehicle to the rear and from left to right. The entire vehicle sustained fire damage, however the greatest fire damage and oxidation was observed in the front of the vehicle.

The [redacted] report indicated that the [redacted] was not involved in any motor vehicle crashes. However, several areas of the vehicle displayed damage other than that caused by the fire. The front bumper was dented downward in the center, the truck bed was dented outward between the rear wheel and the rear door on the passenger side, the rear bumper was dented downward on [redacted] the left and right sides, the roof over the passenger cab sustained multiple dents and/or distortion, and the hood covering the engine compartment was dented on the left side of the vehicle. It could not be determined during our on-site inspection if the above exterior damage occurred pre or post fire.

Examination of the interior of the vehicle began with entering through the driver's door. The interior of the vehicle sustain severe fire damage. The interior damage was consistent throughout the passenger compartment. No personal items were recovered in the fire debris of the passenger compartment. The ignition key was not found. The cargo area of the pickup truck was examined and [redacted] had been mounted to the truck bed after the manufacturing process. The remains of tires and other vehicle parts were found in the debris positioned in the rear truck bed.

Examination of the engine compartment revealed that the fire originated towards the front, left side of the engine compartment. Directional fire patterns indicated that the fire originated on the front, left side of the engine compartment and traveled towards the right side. The remains of the batteries positioned on either side of the engine compartment were not found during our examination. The battery terminal conductors that were positioned on the front, left side were found and examined. No adverse electrical activity was observed on the battery terminal conductors.

According to the [redacted] incident report, firefighters had a delayed response due to being on the road at the time of the alarm. In addition, the vehicle had an open dual-axle trailer hooked to the pickup truck at the time of the fire incident. The trailer sustained only minor fire damage.

The owner had purchased the used [redacted] from [redacted] in [redacted], in [redacted], with [redacted] recorded on the odometer. In [redacted], the vehicle had [redacted] recorded and had an oil and oil filter change at [redacted] Instant Oil Change in [redacted] On [redacted], a fuel filter was replaced at [redacted], and the vehicle had [redacted] recorded on the odometer. [redacted] after the last maintenance service was conducted, the fire occurred while the vehicle was being driven.

On [redacted], a phone interview was conducted with Mr. [redacted]. During the interview Mr. [redacted] stated the following:

- He purchased the [redacted] used, from [redacted] in [redacted] in [redacted].
- He used the vehicle for business and personal purposes.
- He worked in construction.
- The vehicle had no known mechanical or electrical issues.
- He did not have any aftermarket items installed in the vehicle, with the exception of [redacted] that were mounted in the rear truck bed.
- The oil and oil filter were changed in [redacted].
- A fuel filter was replaced in [redacted] at the dealership.
- He was driving at [redacted] on [redacted] when the fire incident occurred.
- As he was driving, the engine lost power and shut off. He pulled over to the side of the road and tried to restart the engine. That's when he observed smoke coming out of the inside vents. He got out of the vehicle and opened the hood, and then the vehicle started to discharge a large volume of smoke and fire.

Analysis

It was our opinion, based on the remaining physical evidence and an analysis of the observable patterns of fire damage that the fire originated in the front engine compartment. The specific area of fire origin was identified as being located on/or near the front, left side of the engine compartment. The specific ignition sequence and cause of the fire could not be conclusively determined, due to severity of the fire damage in the area of fire origin and the lack of remaining physical evidence. The [redacted] fuel ignited could not be identified.

Photographs taken during our work were retained in our files and are available to you upon request.

This report was prepared for the exclusive use of [redacted] and was not intended for any other purpose. Our report was based on the information available to us at this time. Should additional information become available, we reserve the right to determine the impact, if any, the new information may have on our opinions and conclusions and to revise our opinions and conclusions if necessary and warranted.

[redacted] File No. [redacted] [redacted]

Thank you for allowing us to provide this service. If you have any questions or need additional assistance, please call.

Sincerely [redacted]

[redacted]

[redacted]

QVM Bulletin: [redacted] Date: [redacted]

Under Hood Electrical Equipment Mounting

Models Affected: [redacted] and later Model Year [redacted] Pickups and Chassis Cabs

Description: ***[redacted] has received a number of reports of upfitted chassis cab trucks that have experienced electrical grounding concerns, resulting in interior smoke, odor, and in some cases, fire. [redacted] recently investigated this concern with several upfitters and concluded the cause was aftermarket electrical equipment involving B+ power contacting the underside of the hood.***

The purpose of this bulletin is to bring this concern to your attention, inform you that the [redacted] under hood layout and primary battery location has changed from [redacted] and prior models, and provide guidance is on:

- recommended placement of electrical equipment being installed in the engine compartment and
- minimum clearance to the hood (specifically for battery positive (B+) related components).

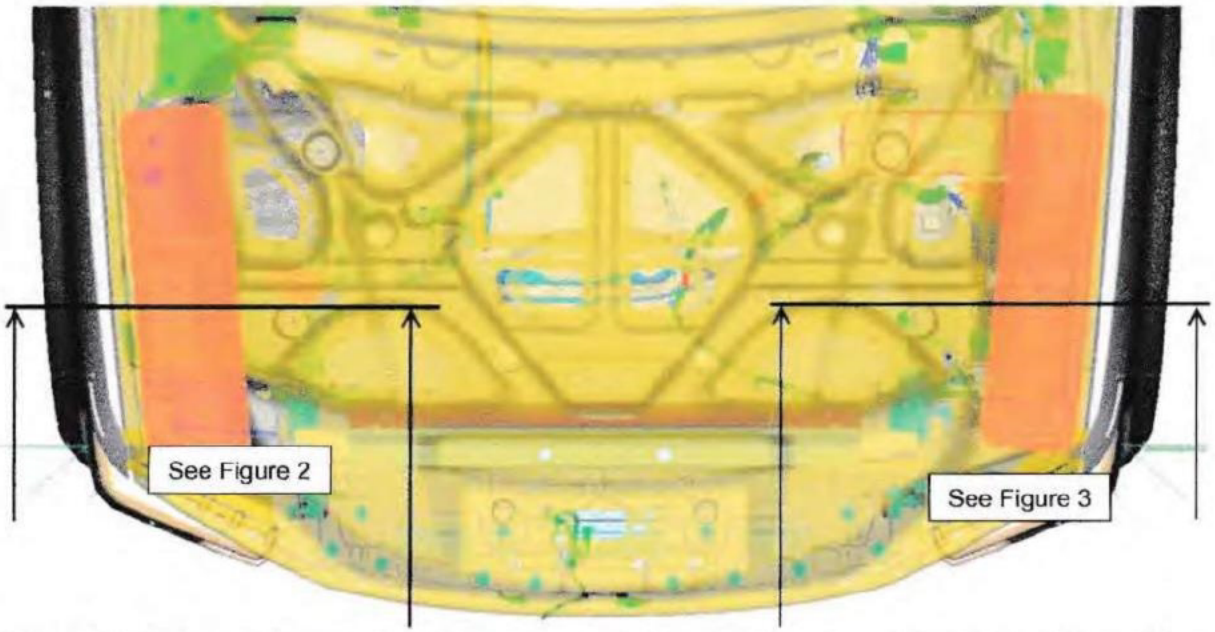

Electrical equipment added to the engine compartment during any aftermarket installations / modifications must be positioned to prevent any B+ power from coming into contact with the underside of the hood when closed. All B+ related equipment must be placed / routed per recommendations within this bulletin, adequately retained, shielded / covered, and confirmed to have clearance to the hood when closed to prevent unintended battery short to ground and damage to vehicle wiring (e.g. radio antenna and radio harness within the instrument panel).

Do not mount or place electrical equipment, including but not limited to connection terminals, cables, relays, fuses, and fusible links on top of or near the primary or secondary battery in a location that has low clearance to the underside of the hood as indicated by orange rectangles in the figures that follow.

The reduced clearance to the underside of the hood for added electrical equipment on top of or near the primary or secondary battery may not be apparent when the hood is open. **If any B+ equipment is mounted in the low clearance zone as indicated by the diagram, a minimum of [redacted] must be confirmed between bottom of hood and any equipment (including any B+ shielding and under hood insulation) mounted in the engine compartment when hood is fully closed.** Several methods exist to confirm equipment and shielding meets minimum clearance to bottom of hood (e.g. clay test, bore-scope).

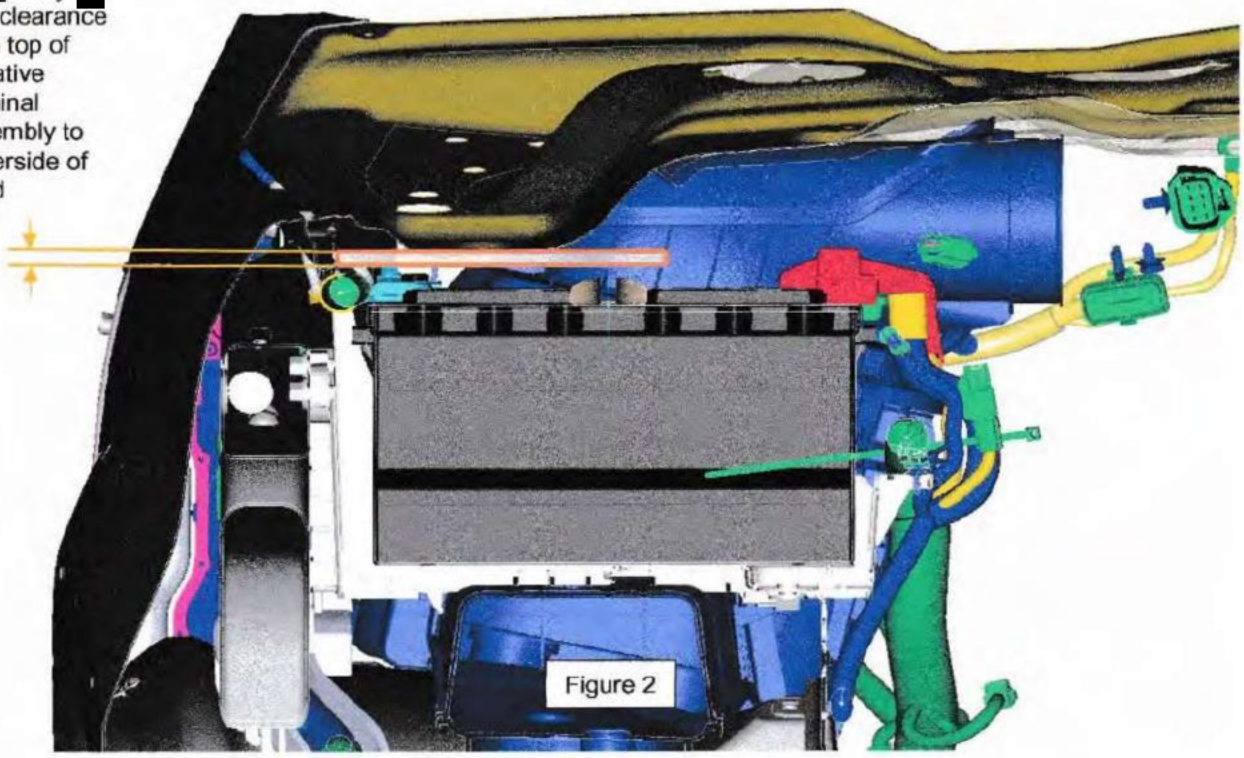

The upfitter must ensure that any electrical equipment or shielding mounted under hood does not come into contact with the hood or hood components.

[redacted] Super [redacted] Under Hood Plan View. Low clearance to underside of hood in areas highlighted in orange

[redacted] **& 3:** Vehicle X-Sections. low clearance areas (orange rectangles) for aftermarket equipment between battery & hood inner

Note: only [redacted] clearance from top of negative terminal assembly to underside of hood

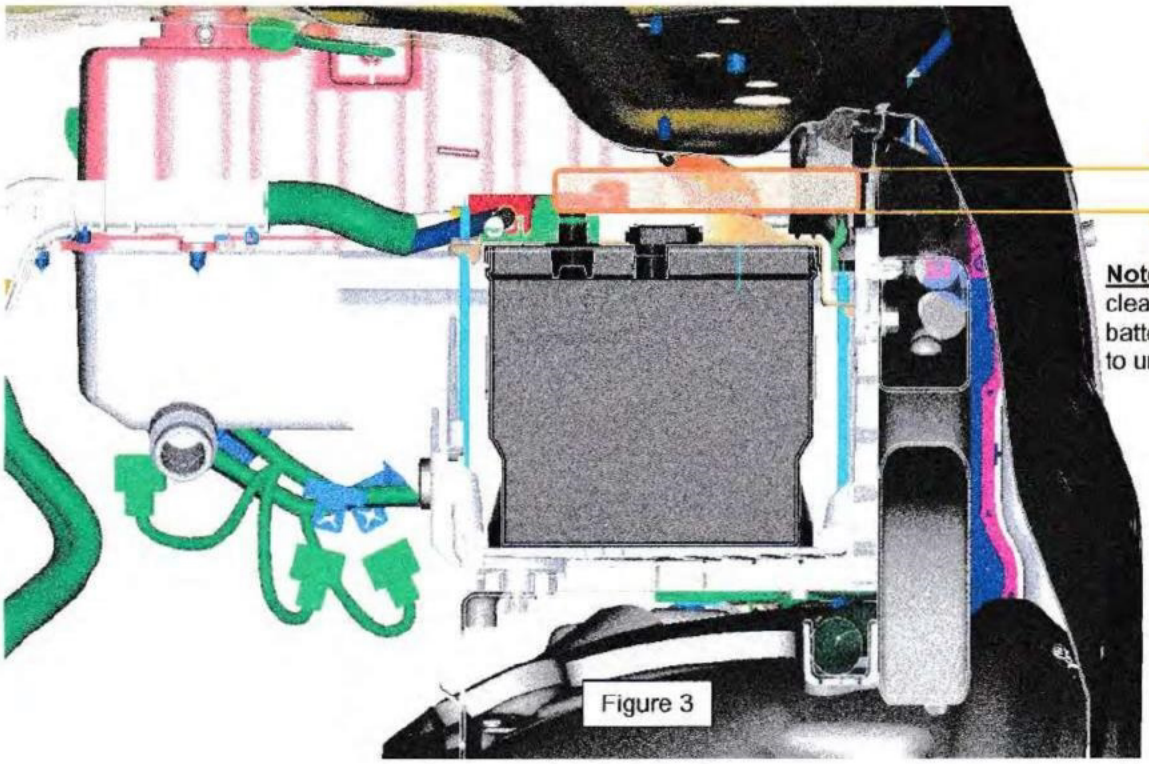

Note: only [redacted] clearance from top of battery assembly to underside of hood

Avoid financial headaches. Make sure the loan has been paid off if you're buying from a private seller.

This vehicle's oil change history, as reported to [redacted], follows the manufacturer's recommendation. Track your service history for free at [redacted].

Have Questions? Consumers, please visit our Help Center at [redacted]. Dealers or Subscribers, please visit our Help Center at [redacted].

CARFAX Glossary

View Full Glossary

[redacted] Well Maintained - Regular Oil Changes

[redacted] a "Well Maintained - Regular Oil Change" vehicle as having a regular oil change history when all its recommended oil changes, based on the vehicle's maintenance schedule, have been reported to [redacted]. [redacted] uses the manufacturer's schedule and assumes normal driving conditions. When an oil change schedule is not available, [redacted] may analyze reported service events to determine what is typical for the same make and model vehicle. Dealers and service shops may publish different recommended service schedules.

Commercial

Vehicle was registered for business purposes.

[redacted] Owner

When the first owner(s) obtains a title from a Department [redacted] as proof of ownership.

[redacted] or [redacted] Recall

The [redacted] Company provides [redacted] with Field Service Action and recall information regarding safety, compliance and emissions programs announced since [redacted] for a specific vehicle. For complete information regarding programs or concerns about this vehicle, please contact a local [redacted] or [redacted] Dealer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department [redacted] Vehicles.

Ownership History

[redacted] defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, [redacted] proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after [redacted] and titled solely in the US including [redacted]. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: [redacted], [redacted], [redacted], [redacted], [redacted] and [redacted]. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. [redacted] has a unique number. [redacted] or registration record on a [redacted] does not necessarily indicate a change in ownership. In [redacted], a registration and bill of sale are used as proof of ownership.

Narrative

[redacted] responded to given address for a report of a vehicle fire. [redacted] was delayed in response due to being on the road at the time of alarm. Upon arrival vehicle was fully involved on the west side of [redacted]. Vehicle on fire also had a [redacted] trailer hooked to it as well. [redacted] pulled one 1 inch and [redacted] jump line and extinguished the vehicle, trailer, and some of the grass around the vehicle that the fire had spread to. A total of [redacted] of [redacted] was used to extinguish the fire. Driver and owner of the vehicle([redacted]) advised that he was driving southbound on [redacted] north when his [redacted] f-350 all of a sudden cut off on him. Driver proceeded to pull over onto the shoulder of the highway. Driver then attempted to restart the vehicle, at this time the driver reports seeing smoke start to come in through the AC vents and out from the engine compartment the truck. Driver and occupants then exited the vehicle and sustained no injuries. Driver also had some miscellaneous tools that were destroyed in the fire as well. The wood on the front of the open [redacted] trailer was damaged by the fire. The trailer was still haulable as the tires and frame was unharmed by the fire. Made contact with the fire marshall via cell phone while on scene. [redacted] also arrived on scene and refilled [redacted] with [redacted]. Drivers vehicle and trailer was taken by [redacted] towing. [redacted] then cleared scene and returned back to quarters without further incident.

[redacted] Recall Report

[redacted]

Language:

Safety Issues & **Recalls**

[redacted]

Vehicle Identification Number (VIN)

Every vehicle has a unique VIN. Enter a VIN to learn if a specific vehicle needs to be repaired as part of a recall.

[redacted]

[redacted]

IMAGE [redacted]

VIN: [redacted]

Recall data refreshed on [redacted]

Privacy - Terms

[redacted]

0 Recalls

associated with this VIN

What if my car isn't recalled now? Could it be recalled later?

Yes. Whether a manufacturer independently conducts a safety recall or [redacted] orders one, the manufacturer must file a public report describing the safety-related defect or noncompliance. Manufacturers are also required to notify owners by mail within [redacted] of notifying [redacted] recall decision.

Look for this distinct label to distinguish critical safety recall information from other marketing material.

Where's my VIN?

Look on the lower left of your car's windshield for your [redacted] Vehicle Identification Number. Your VIN is also located on your car's registration card, and it may be shown on your insurance card.

EMPLOYMENT HISTORY

[redacted] – Present
[redacted]

[redacted]
[redacted]

[redacted]-CFI

DETAILED PROFESSIONAL EXPERIENCE:

[redacted] – Present

[redacted] Consultant

Conducts fire and explosion evaluations in commercial buildings, residential structures, vehicles and heavy equipment. Investigate fires involving appliances and electrical devices, assess potential liability and subrogation issues. Collect, document and preserve evidence to ensure the chain of custody. Conduct interviews with witnesses, responding firefighters, state and local fire marshal agencies, and other pertinent third party individuals and organizations. Prepare detailed written investigative reports pertaining to the origin and cause of fire losses. Provide expert technical and scientific support to clients for subrogation and litigation purposes. Conduct code compliance research to evaluate potential electrical, gas, and installation code violations. Assist personnel with product design failure analysis to determine if the product was the cause or contributing factor in a loss.

[redacted]

[redacted] Investigato[redacted]

In addition to the Lieutenant's duties as outlined below, the [redacted] of the [redacted] was responsible to supervise [redacted]. Assign fire cases to appropriate personnel and review fire reports. Fulfill Freedom of Information Law requests and other administrative duties.

[redacted] – [redacted]

[redacted] Paramedic Engine 10

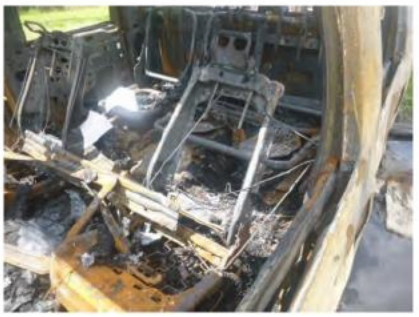

Responsible for the day-to-day operation of a busy paramedic engine company in the City of [redacted]. Supervisor [redacted] and firefighter EMTs. Provided fire suppression activities and emergency medical services at the advanced life support level to the west end of the City of [redacted] Assisted the [redacted] in fatal fire cases.

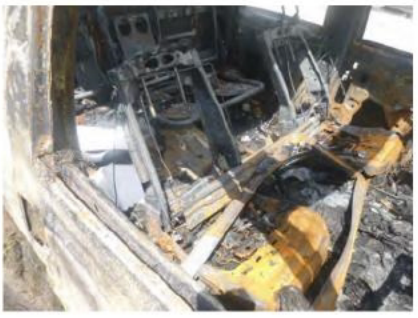

[redacted] – [redacted]

Lieutenant [redacted] Investigato[redacted]

Respond to fire scenes and conduct origin and cause investigations, collect and preserve evidence, interview and take statements from witnesses and suspects, write detailed reports of the determination of fire investigations and criminal offenses. Work directly with detectives from the [redacted] and fire protection specialists from the [redacted], [redacted] to prosecute arson cases within the city limits of [redacted]. Prepare cases to be presented to the [redacted] County Assistant District Attorney for prosecution. Assist in the education of juveniles through the juvenile fire setters program and other members of the community with fire education.

Re: My Client: [redacted], as subrogee of [redacted] and [redacted]
DOL: [redacted]
Loss Location: [redacted]
Vehicle: [redacted]
VIN #: [redacted]

NOTICE OF FIRE LOSS, POTENTIAL SUBROGATION CLAIM and REQUEST FOR JOINT EVIDENCE EXAM AVAILABILITY

To [redacted]it May Concern:

I have been hired by [redacted] ("[redacted]") to investigate the cause of a fire involving the above referenced vehicle, and, if necessary, to protect [redacted]'s subrogation rights and interests. [redacted] and [redacted]'s vehicle was insured by [redacted] for this loss. Please direct all further communications regarding this loss to my attention.

On or about [redacted], a fire occurred within the [redacted] (VIN # [redacted]) while Mr. [redacted] was driving the subject vehicle on [redacted] Mr. [redacted] noticed smoke coming out of the vents and began to pull over. He looked in his rearview mirror and saw an officer behind him telling him to pull over and get out immediately as the subject vehicle was on fire.

The subject vehicle was purchased 'new' from [redacted] before this loss and had [redacted] on it at the time of the fire loss.

An investigation has determined that the fire originated in or around the vehicle's ECM area. Color photographs can be emailed upon request.

[redacted]
[redacted] TELEPH[redacted] · [redacted] FACSIMILE
[redacted]

While we know 'where' the fire started, we do not yet know 'why' the fire started. An exam is necessary to determine the exact cause of the fire. Because the exam will be 'destructive,' you are invited to attend and participate. Your failure to attend and/or participate will be construed as a waiver of any "spoliation" argument if, in fact, [redacted] makes a claim against [redacted] for the damages caused by this fire loss.

If you would like to attend and participate in the remaining steps of this investigation, specifically, in the destructive examination of the vehicle, please contact my paralegal , [redacted], at [redacted] or via email at [redacted] within [redacted] of this letter and provide her your available dates for such an inspection. If she does not hear from you within [redacted], then she will move forward with scheduling the evidence examination and we will notify you of the time and place for that examination.

If you believe a third party may be responsible in whole or in part for the damages sustained by [redacted] and/or the [redacted], please provide me with their information and an explanation of their involvement. This information is necessary to provide those persons or entities notice of [redacted]'s interests and this loss.

[redacted]'s total damages are [redacted], which includes the [redacted] [redacted] deductible.

Please do not contact [redacted] and/or the [redacted] to discuss this matter. Any and all communications directed to either [redacted] and/or the [redacted] should be coordinated through my office.

If you have any questions, please do not hesitate to call me.

Yours very truly,

[redacted] & [redacted]

Re: Our Client: [redacted]
D/Incident: [redacted]

Dear Sir or Madam:

Our firm has been retained to represent the above-named client in a claim for damages against you resulting from an accident that occurred on the above-captioned date, during which a [redacted] spontaneously caught fire resulting in injury.

If you carry liability insurance, your insurance company should be contacted concerning this accident. LACK OF NOTIFICATION TO YOUR INSURANCE COMPANY MAY RESULT IN PREJUDICE. We would appreciate your completing and returning the attached Information Sheet immediately so that we may communicate directly with your insurance company thereby avoiding any prejudice or inconvenience to you.

Additionally, we are hereby putting you on notice of our intention to pursue a claim for the above-captioned incident. Accordingly, we are hereby demanding that any evidence related to the incident be preserved. This includes ANY POTENTIAL RELEVANT EVIDENCE including but not limited to photographs, videos, diagrams, witness statements, maintenance records, prior complaints, any information regarding prior accidents and any other evidence relevant to the accident or the accident scene.

If you do not have insurance, please contact our office as soon as possible.

RE: Our Client: [redacted]
Date of Incident:
Vehicle:
VIN:

Dear Ms. [redacted]:

We are in receipt of your correspondence of [redacted] inquiring about the above-referenced incident involving our client [redacted]. Mr. [redacted] was the front seat passenger in a [redacted] truck when the engine caught fire. The entire engine compartment engulfed in flames, which quickly spread to the truck's cab causing Mr. [redacted] to jump out of the truck for fear of injury, resulting in him injuring his right knee and is scheduled for Surgery on [redacted] 11th.

Pursuant to your request for information relating to the [redacted] involved I am attaching a copy of the fire report from [redacted]. It identifies the vehicle involved as a [redacted], VIN [redacted]. Unfortunately, it does not identify the owner of the vehicle but I can say it was owned by my client's employer, F&H Contractors, Inc. We note a VIN [redacted] on your correspondence but we are not sure where this VIN came from.

Dear Consumer Affairs,

Our initial investigation has established that the above loss may have been caused by the malfunction of your product.

Our insured's [redacted] was damaged after catching on fire while being driven. Our investigation into the matter revealed that the fire started in the engine compartment.

We are in the process of making payment to our insured for their damages. By virtue of our subrogation rights we shall seek reimbursement from you for the amount of the damages.

Please be aware that no payment that is less than the full amount claimed herein will be considered in any way an acceptance of benefits, a novation or an accord and satisfaction of this claim without an express written release of our claim executed by an individual who identifies himself/herself as a member of our subrogation department. Therefore, our legal rights to enforce collection on the remaining amount of the claim shall not be waived or stopped due to partial payment by you or someone acting on your behalf.

We can discuss this matter with your representative. Please supply the name, phone number and file number of your representative contact.

Sincerely,

[redacted]
Litigation Claims Representative

SUBJECT:	[redacted] **Next Steps – Vehicle Fire** [redacted]		

[redacted]

To Whom it May Concern,

Case: [redacted]
Owner: [redacted]
Vehicle: [redacted]
VIN: [redacted]

The aforementioned case was created [redacted] through your customer service department following a vehicle fire on [redacted]. We were informed by the customer service agent ([redacted]) to have my insurer fax a letter stating we are not pursuing an insurance claim but rather a claim with [redacted] Company as the vehicle was under warranty at the time of the fire and we believe it to be a manufacturer/warranty issue. This letter was faxed to [redacted] as requested on [redacted].

I called [redacted] customer service again [redacted] and was informed that the case was with [redacted] General Council and we will have to wait for them to reach out to discuss our next steps. This letter is an effort to establish contact with [redacted] regarding this case as I still have [redacted] insight to its current status and/or how I can assist in moving the process forward. I can be reached via phone or email at any hour. Please advise.

Phone: [redacted]

Cheers,
[redacted]

Request for information:

RE: 2017 F-250

[redacted]

High level incident summary:

At the culmination of my drive to work (~25min in duration) I saw a small amount of white smoke coming out of the aft portion of the hood on the driver's side of the vehicle. I also began to smell a scent that I would attribute to that of an electrical fire. While continuing to a parking spot I checked the dash and noticed no alarms or check engine light to be present. As I parked the vehicle, the white smoke from the aft portion of the hood on the driver's side started to turn black and the electrical fire scent turned into that of burning rubber, plastic, etc. I turned the vehicle off, opened the hood, and noticed a large fire present in the aft of the engine compartment. The time from the onset of smoke and initial sensing of burning to having the vehicle parked with the engine off was roughly 30 seconds. I ran to neighboring technician vehicles looking for a fire extinguisher with no luck and then located one inside of the engineering building. I extinguished the fire roughly 2.5 minutes after parking the vehicle. Kennedy Space Center emergency services arrived approximately 20 minutes later per protocol, case number can be found below. The truck remained parked until ~10am the next day (7/18) when it was towed to Kelly Ford in Melbourne, FL where it remains today.

Information requested via email:

1. **What part or parts is the subject of the claim?**
   Full vehicle
2. **Has the part been repaired or replaced since the time of the incident?**
   No
3. **At the time of the incident, what was the vehicle mileage**
   I believe around 108,000 – need to confirm from vehicle
4. **List any after-market items installed on the vehicle, such as wheel locks?**
   None
5. **Where is your vehicle currently located?**
   Kelly Ford – 776 Magnolia Ave, Melbourne FL 32935
6. **Physical injury medical information**
   There are no injuries associated with this incident

RE: **Insured:** [redacted]
Loss Location: [redacted]
Vehicle: [redacted]
[redacted]: [redacted]
Date of Loss: [redacted]
Claim Number: [redacted]
[redacted] Number: [redacted]

To Whom It May Concern:

Fire Cause Analysis was retained by [redacted] investigate a fire loss involving a [redacted], a product manufactured, distributed, installed, serviced, purchased and/or maintained by you or your company; or you represent or insure a party to this loss, which occurred at the above-referenced loss location on [redacted].

As part of our investigation, we obtained evidence that included:

- [redacted] **VIN** [redacted]

Our client, [redacted], has given us approval to inspect the evidence further. It is our intent to determine the cause of failure through destructive examination. We invite you to schedule your expert(s), at your own expense, to participate in any testing that is necessary to determine what caused the product(s) to fail. Please be advised that this correspondence constitutes notice of invitation to inspect this product(s) for defects.

This examination will take place at [redacted], **time to be determined.**

If you would like to schedule your expert(s) to inspect this item, **please be advised that you have** [redacted] **from the date of this letter to notify us of your intent.** If you wish to have a representative present during this examination, please send written notice to my attention at our office at the address below. If we do not hear from you within [redacted] from the date of this letter, we will assume you do not wish to attend and we will continue to schedule the destructive examination.

If you have any questions, please feel free to contact our office.

Thank you,

CLAIM, VEHICLE, AND INCIDENT INFORMATION

1. What is the insured's name?

[redacted]

2. What is the insured's current mailing address?

unknown

3. What is your claim number?

[redacted]

4. What is the name of the insured's insurance company?

[redacted]

5. What is the vehicle's year, make and model?

[redacted]

6. What is the vehicle's [redacted] VIN?

[redacted]

7. Was the vehicle purchased new, used, or certified pre-owned (CPO)?

unknown

8. If the vehicle was purchased used or CPO, where was the vehicle purchased, what was the date of purchase, and what was the mileage at purchase?

unknown

9. What aftermarket additions or modifications have been made to the vehicle?

unknown

10. What are the alleged defects pertaining to the vehicle, if any? Include recall numbers if applicable.

unknown

11. In what city and state did the incident take place?

[redacted]

12. Please describe what happened before, during, and after the incident:

Vehicle was serviced [redacted] and fire occurred [redacted]

13. What was the mileage of the vehicle at the time of the incident?

unknown

14. Has the vehicle or the allegedly defective parts been repaired or replaced?

Click or tap here to enter text.

15. What is the current location of the vehicle and the allegedly defective parts?

[redacted]. Exam will be held at [redacted]

DOCUMENTS

1. X **Full-page color photographs of the following items from several different angles: (1) all sides of the vehicle; (2) the damage to the vehicle; (3) any allegedly defective parts; (4) the inside of the vehicle – including the steering wheel, dashboard, and roof areas; and (5) the scene of the incident.**

2. ☐ **The insured's statement with a complete description of the incident.**

3. ☐ **The police department report and fire department report.**

4. ☐ **Any expert reports, written findings, and photographs.**

5. ☐ **Any videos of the incident.**

6. ☐ **Any data/reports from any recording sensors or driver monitoring devices.**

7. ☐ **The complete service records for the vehicle, including any CARFAX reports, regular maintenance records, and oil change records.**

8. ☐ **Any loss worksheets, repair estimates, repair orders (including the repair orders generated from the incident), and draft payments for any alleged damages.**

9. ☐ **A full itemization of damage and their accompanying proofs.**

10. ☐ **Any applicable insurance policies for the insured, including any assignment of rights.**

INJURY INFORMATION

If you are not alleging any injuries, skip this section.

If you are alleging any injuries, [redacted] is required to provide certain information to Medicare. As such, to properly consider your claim, [redacted] will need to collect the following information about the injured individuals:

1. Full Legal Name: Click or tap here to enter text.
Gender: Click or tap here to enter text.
Date of Birth: Click or tap here to enter text.
SSN or Medicare HICN: Click or tap here to enter text.

THIS IS NOT AN AUTHORIZATION TO REPAIR. THIS IS AN APPRAISAL OF DAMAGES ONLY. NO APPRAISER HAS THE AUTHORITY TO AUTHORIZE REPAIRS. AUTHORIZATION AND GUARANTEE OF PAYMENT CAN ONLY BE GIVEN BY THE OWNER OF THE VEHICLE. [redacted] (AUTOCLAIMS DIRECT) AND ITS CLIENTS ASSUME NO RESPONSIBILITY FOR REPAIR QUALITY AND SAFETY. [redacted] (AUTOCLAIMS DIRECT) SPECIFIES AND INTENDS THAT ALL REPAIRS AND PART REPLACEMENTS LISTED HEREON ARE MADE IN STRICT ACCORDANCE WITH THE MANUFACTURER'S RECOMMENDATIONS AND SPECIFICATIONS. SUPPLEMENTAL DAMAGE IS SUBJECT TO REINSPECTION. FOR YOUR PROTECTION.

NOTE: YOU HAVE THE RIGHT TO SELECT THE BODY SHOP THAT WILL REPAIR YOUR VEHICLE.

This estimate is subject to final approval by the insurance company and is NOT a confirmation of coverage. It is not a commitment to pay. Please have all original invoices ready when requesting a supplement. No supplements will be honored without proper invoices. It is a crime to knowingly provide false, incomplete, or misleading information to an insurance company for purpose of defrauding the company.

"This estimate may contain parts supplied by a source other than the manufacturer of your motor vehicle. Any warranties applicable to these replacement parts are provided by the manufacturer or distributor of these parts, rather than the manufacturer of your vehicle."

"If this estimate includes the use of non-OEM aftermarket crash parts, then the supplier of the aftermarket parts and/or the insurer that pays for same warrants that such parts are of like kind, quality, safety, fit, and performance as original equipment manufacturer replacement crash parts."

"This estimate has been prepared based on the use of crash parts supplied by a source other than the manufacturer of your motor vehicle. Warranties applicable to these replacement parts are provided by the manufacturer or distributor of these parts rather than the manufacturer of your vehicle."

Notice: All crash parts on this estimate are new-OEM (Original Equipment Manufactured) unless otherwise specified. Parts that are described as Quality Replacement Parts, and QRP, CAPA, are Non-OEM crash parts or Aftermarket parts. If this estimate includes the use of non-OEM Aftermarket crash parts, then the supplier of the aftermarket parts and/or the insurer that pays for them warrants that such parts are of like kind, quality, safety, fit and performance as the original manufactures equipment that came on the vehicle.

To [redacted] Residents: As required by [redacted] regulations, the legend below should be used to identify whether the replacement part(s) listed on this estimate are 'new?, 'used?, 'rebuilt?, or 'reconditioned? and whether the crash part(s) described on this estimate are 'original equipment manufacturer? parts or 'non-original

Last Updated	[redacted]

VALUATION SUMMARY

Base Value	[redacted]
Adjusted Value	[redacted]
Total	**$ 66,598.00**

The total may not represent the total of the settlement as other factors (e.g. license and fees) may need to be taken into account.

The [redacted] Market Valuation Report reflects [redacted]'s opinion as to the value of the loss unit, based on information provided to [redacted] by [redacted] MUTUAL.

BASE VALUE

This is derived from comparable unit(s) available or recently available in the marketplace at the time of valuation, per our valuation methodology described on the next page.

[redacted] LC SV

VALUATION METHODOLOGY

How was the valuation determined?

CLAIM INSPECTION

[redacted] MUTUAL has provided [redacted] with the zip code where the loss unit is garaged, loss unit VIN, mileage/hours, options and additional equipment, as well as loss unit condition, which is used to assist in determining the value of the loss unit.

DATABASE REVIEW

[redacted] maintains an extensive database of units that currently are or recently were available for sale in the [redacted] This database includes units advertised for sale by dealerships or private parties. All of these sources are updated regularly.

SEARCH FOR COMPARABLES

When a valuation is created the database is searched and comparable units are selected. On current year units, new units for sale at the time of the valuation may have been used. The zip code where the loss unit is garaged determines the starting point for the search. Comparable units are similar to the loss unit based on relevant factors. If a sufficient number of comparable units cannot be located, [redacted] may also obtain dealer quotations for a unit with attributes as reported by the insurer.

CALCULATE VALUATION

Adjustments to the price of the selected comparable units are made to reflect differences in attributes, including mileage/hours, options, additional equipment, refurbishments, after factory equipment, and condition. Dollar adjustments are based upon market research. Finally, the Base Value is the straight average of the adjusted values of the comparable units. Due to the unique nature of the loss units valued in the Commercial and Recreational Vehicle division, a valuation specialist handles [redacted] request individually.

Length(feet)	Unknown

LOSS [redacted] CONDITION

	Condition
Truck Rating	Average
Body Rating	Average

Vehicles sold in the [redacted] are required to have a manufacturer assigned Vehicle Identification Number([redacted]). This number provides certain specifications of the vehicles .

Please review the information in the Loss Unit Information Section to confirm the reported mileage and condition, and to verify that the information accurately reflects the options, additional equipment, refurbishments or other aspects of the loss unit that may impact the value.

OREGON MUTUAL uses condition inspection guidelines to determine the condition of the loss unit prior to the loss. The guidelines describe physical characteristics for the loss unit, for the condition selected based upon age. Inspection Notes reflect observations from the appraiser regarding the loss unit's condition.

Comparables used in the determination of the Base Value are not intended to be replacement units but are reflective of the market value, and may no longer be available for sale.

Price is the amount that the dealership will accept to sell the unit, though a lower price may be obtainable through negotiation.

[redacted] provides [redacted] MUTUAL information reported by [redacted]® regarding the [redacted] ([redacted]). This data is provided for informational purposes. Unless otherwise noted in this Market Valuation Report, [redacted] does not adjust the value of the loss unit based upon this information.

LEGEND :
✔ No Event Found
⛔ Event Found
📋 Information Needed

TITLE CHECK
THIS VEHICLE CHECKS OUT
[redacted]s result for this loss unit show no significant title events. When found, events often indicate automotive damage or warnings associated with the unit.

EVENT CHECK
THIS VEHICLE CHECKS OUT
[redacted]'s result for this loss unit show no historical events that indicate a significant automotive problem. These problems can indicate past previous car damage, theft, or other significant problems.

VEHICLE INFORMATION
THIS VEHICLE CHECKS OUT
[redacted]s result for this loss unit show no vehicle information that indicate a significant automotive problem. These problems can indicate past previous car damage, theft, or other significant problems.

ODOMETER CHECK
THIS VEHICLE CHECKS OUT
[redacted]s result for this loss unit show no indication of odometer rollback or tampering was found. [redacted] determines odometer rollbacks by searching for records that indicate odometer readings less than a previously reported value. Other odometer events can report events of tampering, or possible odometer breakage.

AUTOCHECK TERMS AND CONDITIONS:

[redacted]s Reports are compiled from multiple sources. It is not always possible for [redacted] to obtain complete discrepancy information on all vehicles; therefore, there may be other title brands, odometer readings or discrepancies that apply to a vehicle that are not reflected on that vehicle's Report. [redacted] searches data from additional sources where possible, but all discrepancies may not be reflected on the Report.

These Reports are based on information supplied to [redacted] by external sources believed to be reliable, BUT NO RESPONSIBILITY IS ASSUMED BY [redacted] OR ITS AGENTS FOR ERRORS, INACCURACIES OR OMISSIONS. THE REPORTS ARE PROVIDED STRICTLY ON AN "AS IS WHERE IS" BASIS, AND [redacted] FURTHER EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE REGARDING THIS REPORT.

YOU AGREE TO INDEMNIFY [redacted] FOR ANY CLAIMS OR LOSSES, INCLUDING COSTS, EXPENSES AND ATTORNEYS FEES, INCURRED BY [redacted] ARISING DIRECTLY OR INDIRECTLY FROM YOUR IMPROPER OR UNAUTHORIZED USE OF AUTOCHECK VEHICLE HISTORY REPORTS.

[redacted] shall not be liable for any delay or failure to provide an accurate report if and to the extent which such delay or failure is caused by events beyond the reasonable control of [redacted], including, without limitation, "acts of God", terrorism, or public enemies, labor disputes, equipment malfunctions, material or component shortages, supplier failures, embargoes, rationing, acts of local, state or national governments, or public agencies, utility or communication failures or delays, fire, earthquakes, flood, epidemics, riots and strikes.

These terms and the relationship between you and [redacted] shall be governed by the laws of the State o[redacted] ([redacted]) without regard to its conflict of law provisions. You and [redacted] agree to submit to the personal and exclusive jurisdiction of the courts located within the county of [redacted].

[redacted]

To whom it may concern, On [redacted] my assistant and I were on our way to work. We were [redacted] into the drive, when my assistant noticed a dropped in speed from [redacted] to [redacted], then [redacted] it stalled on us. At [redacted], My assistant and I thought our DEF ran out. My assistant then turned the truck back on and continued driving for [redacted] when we heard a loud pop and smoke came out of the dash and hood. We immediately pull off to the side, pop the hood open and notice fire coming out of the engine. I immediately extinguished the fire with the extinguisher. Luckily the fire was minimal and no one got hurt.

RE: Claim Number: [redacted]
Date of Loss: [redacted]
City/State of Loss: [redacted]
Insured: [redacted]
Vehicle: [redacted] SD
VIN: [redacted]
Mileage: [redacted] - approximate

To Whom It May Concern:

This notice is to advise you of a loss that occurred to our insured's vehicle. Our preliminary investigation indicates that [redacted] may be responsible for this loss. Please consider this as our notice of possible subrogation and our notice to you of the opportunity to schedule an inspection of the vehicle.

The vehicle is being held at a location in [redacted] and is available for your inspection by appointment only. There is no authorization to inspect this vehicle outside the presence of a [redacted]® representative.

Any settlement with our policyholder with respect to this loss must not prejudice [redacted]'s rights, as subrogor, nor shall [redacted]'s rights be released by the execution of a general release with such policyholder.

In order to assist you in evaluating and processing the subrogation claim, we may provide nonpublic personal information about our customer. We are sharing this information to effect, administer, or enforce a transaction authorized by the consumer. However, you are neither authorized nor permitted to: (1) use the customer information we provide for any purpose other than to evaluate and process the subrogation claim or (2) disclose or share the customer information we provide for any purpose other than to evaluate and process the subrogation claim.

Your cooperation is appreciated. If you have any questions, or would like to set up an appointment to inspect the evidence, please contact us.

[redacted]

Sincerely,

[redacted]
Claim Specialist

CUSTOMER ESTIMATE SELECTION

You are entitled to a price estimate for the repairs you have authorized. The repair price may be less than the estimate but will not exceed the estimate without your permission. Your signature will indicate your estimate selection.

1. I request an estimate in writing before you begin repairs. _____
2. Please proceed with repairs but call me before continuing if price will exceed $ _____ _____
[redacted] do not want an estimate. _____

Do you want the replaced parts you are entitled to? ☐ YES ☐ NO

ESTIMATED PRICE OF REPAIRS $

☐ This vehicle received without face to face contact

I hereby authorize the below repair work to be done along with necessary materials. You and your employees may operate vehicle for purposes of testing, inspection or delivery at my risk. An express mechanic's lien is acknowledged on vehicle to secure the amount of repairs thereto. You will not be held responsible for loss or damage to vehicle or articles left in vehicle in case of fire, theft, accident, damage from freezing due to lack of anti-freeze or any other causes beyond your control.

CLAIM, VEHICLE, AND INCIDENT INFORMATION

1. What is the insured's name?

[redacted]

2. What is the insured's current mailing address?

[redacted]

[redacted]

3. What is your claim number?

[redacted] (Main Claim)

[redacted] (Companion Claim) - [redacted]

VIN No.: [redacted]

4. What is the name of the insured's insurance company?

[redacted]

5. What is the vehicle's year, make and model?

[redacted]

6. What is the vehicle's [redacted] VIN?

[redacted]

7. Was the vehicle purchased new, used, or certified pre-owned (CPO)?

Requested

8. If the vehicle was purchased used or CPO, where was the vehicle purchased, what was the date of purchase, and what was the mileage at purchase?

Requested

9. What aftermarket additions or modifications have been made to the vehicle?

- New airbags, [redacted]
- New tires, [redacted]

10. What are the alleged defects pertaining to the vehicle, if any? Include recall numbers if applicable.

N/A. We're working on scheduling a joint exam. The area of origin is believed to be in the engine compartment.

11. In what city and state did the incident take place?

[redacted]

12. Please describe what happened before, during, and after the incident:

- Vehicle caught fire while in operation pulling a [redacted]

- IV went into lift mode - lost all power
- Started slowing down/accelerating
- Insured stopped / pulled over
- Message: low fuel pressure on dash
- At that same time, there was a small exp under vehicle front
- Smoke immediately filled into the cabin
- Insured got out of truck

13. What was the mileage of the vehicle at the time of the incident?

[redacted]

14. Has the vehicle or the allegedly defective parts been repaired or replaced?

No.

15. What is the current location of the vehicle and the allegedly defective parts?

Copart | Lot [redacted]

[redacted]

[redacted]

DOCUMENTS

1. ☒ Full-page color photographs of the following items from several different angles: (1) all sides of the vehicle; (2) the damage to the vehicle; (3) any allegedly defective parts; (4) the inside of the vehicle – including the steering wheel, dashboard, and roof areas; and (5) the scene of the incident.

2. ☐ The insured's statement with a complete description of the incident.

3. ☒ The police department report and fire department report.

4. ☐ Any expert reports, written findings, and photographs.

5. ☐ Any videos of the incident.

6. ☐ Any data/reports from any recording sensors or driver monitoring devices.

7. ☒ The complete service records for the vehicle, including any CARFAX reports, regular maintenance records, and oil change records.

8. ☒ Any loss worksheets, repair estimates, repair orders (including the repair orders generated from the incident), and draft payments for any alleged damages.

9. ☒ A full itemization of damage and their accompanying proofs.

10. ☐ Any applicable insurance policies for the insured, including any assignment of rights.

RE: [redacted] Northern Insurance Company
Your Client: Ford Motor Company
[redacted]
Date [redacted] 4, [redacted]
[redacted] (Main Claim)
[redacted] 2019 Ford [redacted]; [redacted]

[redacted]:

Our firm has [redacted] Northern Insurance Company to pursue subrogation with regard to the above-referenced loss. Please direct all further communication regarding this matter to me. It is indicated from the materials [redacted] us by Progressive, that the above-referenced vehicle caught on fire and burned. Our investigation confirms this loss was due to fuel system failure within the vehicle. All prior maintenance has been ruled out.

At this time, we have been authorized to reach a settlement agreement with you without including interest, fees or costs, prior to [redacted] Progressive Insurance Company has paid a total [redacted] to or on behalf of its insured for the above referenced damages.

[redacted] me within 10 days to discuss payment; otherwise we have been authorized to proceed with litigation without further notice.

Thank you for your anticipated prompt attention to this matter. I look forward to hearing from you soon.

Sincerely,

[redacted] *Pegelow*

Vehicle Valuation Methodology Explanation

WorkCenter Total Loss ("WCTL") was designed and built by Mitchell International, Inc. in conjunction with J.D. Power, which is an expert in data analysis with years of experience in vehicle pricing. WCTL provides a consistent methodology across vehicle makes and models for estimating the value of a vehicle. The WCTL analysis is based on comparable vehicles that most closely resemble the loss vehicle, with certain adjustments to both the comparable vehicle and loss vehicle depending on the facts of a particular claim.

WCTL produces accurate and easy-to-understand vehicle valuations via a five-step process:

Step 1 - Locate Comparable Vehicles

Locate vehicles from WCTL's comparable vehicle database that are the closest match to the loss vehicle in the same market area. These are not intended to be replacement vehicles and may no longer be listed for sale .The comparable vehicle database includes millions of vehicles listed for sale on publicly available websites (for example, cars.com and autotrader.com), as well as sold vehicle records (where available).

Step 2 - Adjust Comparable Vehicles

Make adjustments to the prices of the comparable vehicles. There are several types of comparable vehicle adjustments, including:

- Projected Sold Adjustment - where the comparable vehicle is listed for sale, this adjustment reflects the fact that consumers typically negotiate a purchase price less than the list price. (There is no projected sold adjustment where the comparable vehicle has actual sold data, or where a vehicle is listed for sale at a "no haggle" dealership.)
- Mileage Adjustment – an adjustment for differences in mileage between the comparable vehicle and the loss vehicle.
- Equipment Adjustment – an adjustment for differences in equipment between the comparable vehicle and the loss vehicle (for example, differences in equipment packages and options).

Step 3 - Calculate Base Vehicle Value

Calculate the base vehicle value by averaging the adjusted prices of the comparable vehicles.

Step 4 - Calculate Loss Vehicle Adjustments

There are four types of loss vehicle adjustments:

- Condition Adjustment – an adjustment to account for the condition of the loss vehicle at the time of the loss.
- Prior Damage Adjustment – an adjustment to account for any prior damage present on the loss vehicle at the time of the loss.
- After Market Part Adjustment – an adjustment to account for any aftermarket parts present on the loss vehicle at the time of the loss.
- Refurbishment Adjustment – an adjustment to account for any refurbishment performed on the loss vehicle at the time of the loss.

Step 5 - Calculate the Market Value

The Market Value is calculated by applying the loss vehicle adjustments to the base value.

Vehicle Valuation Methodology Explanation

[redacted] Total Loss ("[redacted]") was designed and built by [redacted] in conjunction with [redacted], which is an expert in data analysis with [redacted] of experience in vehicle pricing. [redacted] provides a consistent methodology across vehicle makes and models for estimating the value of a vehicle. The [redacted] analysis is based on comparable vehicles that most closely resemble the loss vehicle, with certain adjustments to [redacted] the comparable vehicle and loss vehicle depending on the facts of a particular claim.

[redacted] produces accurate and easy-to-understand vehicle valuations via a [redacted]:

[redacted] 1 - Locate Comparable Vehicles

Locate vehicles from [redacted]'s comparable vehicle database that are the closest match to the loss vehicle in the same market area. These are not intended to be replacement vehicles and may no longer be listed for sale .The comparable vehicle database includes [redacted] [redacted] listed for sale on publicly available websites (for example, [redacted] and [redacted]), as well as sold vehicle records (where available).

[redacted] - Adjust Comparable Vehicles

Make adjustments to the prices of the comparable vehicles. There are several types of comparable vehicle adjustments, including:

- Projected Sold Adjustment - where the comparable vehicle is listed for sale, this adjustment reflects the fact that consumers typically negotiate a purchase price less than the list price. (There is no projected sold adjustment where the comparable vehicle has actual sold data, or where a vehicle is listed for sale at a "no haggle" dealership.)
- Mileage Adjustment – an adjustment for differences in mileage between the comparable vehicle and the loss vehicle.
- Equipment Adjustment – an adjustment for differences in equipment between the comparable vehicle and the loss vehicle (for example, differences in equipment packages and options).

[redacted] - Calculate Base Vehicle Value

Calculate the base vehicle value by averaging the adjusted prices of the comparable vehicles.

[redacted] - Calculate Loss Vehicle Adjustments

There are [redacted] of loss vehicle adjustments:

- Condition Adjustment – an adjustment to account for the condition of the loss vehicle at the time of the loss.
- Prior Damage Adjustment – an adjustment to account for any prior damage present on the loss vehicle at the time of the loss.
- After Market Part Adjustment – an adjustment to account for any aftermarket parts present on the loss vehicle at the time of the loss.
- Refurbishment Adjustment – an adjustment to account for any refurbishment performed on the loss vehicle at the time of the loss.

[redacted] - Calculate the Market Value

The Market Value is calculated by applying the loss vehicle adjustments to the base value.
