What is a recall?

When a manufacturer or the [REDACTED] ([REDACTED]) determines that a vehicle creates an unreasonable risk to safety or fails to meet minimum safety standards, the manufacturer is required to fix that vehicle at no cost to the owner. That can be done by repairing it, replacing it, offering a refund (for equipment) or, in rare cases, repurchasing the car.

What should I do if my vehicle is included in this recall?

If your vehicle is included in this recall, **it is very important that you get it fixed as soon as possible given the potential danger to you and your passengers if it is not addressed.** You should receive a separate letter in the mail from the vehicle manufacturer, notifying you of the recall and explaining when the remedy will be available, whom to contact to repair your vehicle, and to remind you that the repair will be done at no charge to you. If you believe your vehicle is included in the recall, but you do not receive a letter in the mail from the vehicle manufacturer, please call [REDACTED]'s Vehicle Safety Hotline at [REDACTED], or contact your vehicle manufacturer or dealership.

Thank you for your attention to this important safety matter and for your commitment to helping save lives on [REDACTED]'s roadways.
