Ownership History

[REDACTED] defines an owner as an individual or business that possesses and uses [REDACTED]. Not all title transactions represent changes in ownership. To provide estimated number of owners, [REDACTED] proprietary technology analyzes all the events in [REDACTED] history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including [REDACTED]. Dealers sometimes opt to take ownership of [REDACTED] and are required to in the following states: [REDACTED] and [REDACTED]. Please consider this as you review [REDACTED]'s estimated ownership history.

Title Issued

A state issues a title to provide [REDACTED] owner with proof of ownership. Each title has a unique number. Each title or registration record on a [REDACTED] report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
