Ownership History

[REDACTED] defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, [REDACTED] proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after [REDACTED] and titled solely in the [REDACTED] including [REDACTED]. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: [REDACTED], [REDACTED], [REDACTED], [REDACTED], [REDACTED], [REDACTED] and [REDACTED]. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. [REDACTED] has a unique number. [REDACTED] or registration record on a [REDACTED] report does not necessarily indicate a change in ownership. In [REDACTED], a registration and bill of sale are used as proof of ownership.
