Robert,
I have searched high and far for your SharePoint file. Is there anyway you could send it again?

For these week only, could you please send me the reports? For NTI and 8D-1070681? What does "dry run closed" mean?

Best regards/ Saludos

Where is the next meeting scheduled? Can someone forward me the meeting cadence? Are these 8Ds stored at a SharePoint or who can share them?

Best regards/ Saludos

Hi, Gaston

We have regular meetings, twice a week in which test data and analysis of the returned parts are reviewed, this is the information that is available for those parts, most of them have already been reviewed with Robert Laboda
