NOTE TO VEHICLE OWNER - National General Insurance does business with collision repair shops in your area and has developed a preferred network of shops with proven, high standards. We recognize that you, the vehicle owner, have the right to select the repair facility of your choice and are under no obligation to use any of the shops on the list. We will pay the amount we determine payable under the policy regardless of the repair facility chosen. We will attempt to get an agreed cost of repairs with the shop of your choice. If this is not possible, we will extend a fair and reasonable offer to repair the loss related damage to your vehicle based on industry repair standards and prevailing market rates. If there are loss related damages that were not visible at the time of the initial estimate, or damages not included in the original estimate, the additional damage will be considered for a supplemental repair estimate.
