Provide updated “Battery Warranty Corp/Data Cubes” charts depicting R/1000 warranty claim rates by months in service for MY 2021-2024 Ford Bronco Sport, Maverick, and Escape vehicles. Provide separate charts for each model and format the charts similarly to those provided in response to information request PE24002-01, dated February 8, 2024.

Answer

Requested charts are provided below. The charts show all battery-related warranty, not specific to any particular symptoms. Note that the Ford Maverick was introduced for the MY 2022, so no MY 2021 data is shown on vehicle line's chart.
