**REASON FOR THIS SAFETY RECALL**

On some of the affected vehicles, the driver and/or front passenger seatbelt retractor pretensioners may deploy inadvertently while the vehicle's engine is on. Inadvertent deployment of the retractor pretensioner will result in the seatbelt being locked in position and will not retract or extend, which is noticeable to the occupant. While the primary seatbelt locking functions continue to function properly, a seatbelt that does not retract or extend may result in injury in the event of a crash.

**SERVICE ACTION**

DO NOT DEMONSTRATE OR DELIVER any new in-stock vehicles involved in this safety recall. A complete Dealer Bulletin will be provided to dealers later in the second half of 2024, when it is anticipated that parts ordering information and repair instructions will be available to support this safety recall. For new vehicle storage guidelines, refer to EFC13033, Storage Guidelines for New Vehicles.

**IMPORTANT: Dealers should open a Repair Order (RO) only when a full dealer bulletin is published. Opening an RO against an Awareness or Advance Notice will result in warranty rejections against a recall.**

**CUSTOMER NOTIFICATION**

Owners of record will be notified via first-class mail after repair instructions and parts ordering information have been provided to dealers.

**PLEASE NOTE:**

Federal law requires dealers to complete this recall service before a new vehicle is delivered to the buyer or lessee. Violation of this requirement by a dealer could result in a civil penalty of up to \$27,168 per vehicle. Correct all vehicles in your new vehicle inventory prior to delivery.

**DEALER-OPERATED RENTAL VEHICLES**

The Fixing America's Surface Transportation (FAST) Act law effective June 2016 prohibits a rental company from selling, renting or leasing vehicles subject to a safety or compliance recall. Please consult your legal counsel for legal advice.
