Re: Request for Confidential Treatment of Information Pertaining to PE24-019

Dear Mr. Raviv:

As explained in Ford's September 23, 2024 Request for Confidential Treatment Pertaining to PE24-019, Ford identified confidential supplier documents belonging to BorgWarner and PHINIA. However, Ford had not received the supplier certificate(s) in support of the Part 512 Request as of the time of the September 23 submission.

The signed supplier certificate from PHINIA, which is inclusive of the BorgWarner material, has since been received, and is provided herein as Attachment 3. Ford is requesting confidential treatment for designated documents contained in its response to PE24-019, the basis of which was provided in Ford's September 23, 2024 request. We apologize for the inconvenience.

If you have any questions concerning this response, please feel free to contact me.

Sincerely,
