

## **OWNER NOTIFICATION**

Dear Nissan Versa Owner:

Nissan is committed to providing the highest levels of product quality and customer satisfaction. Nissan has determined that certain model year 2022 – 2024 Nissan Versa vehicles equipped with a manual transmission may, under specific conditions, experience a Malfunction Indicator Light (MIL) along with reduced engine performance following an engine start up after a stall. If present, this condition has no effect on your vehicle's safety but may have a minimal impact on emissions.

### **What Nissan Will Do**

To correct this condition, Nissan is conducting a Voluntary Service Campaign to replace the electronic Valve Timing Control module assembly (VTC control unit). This free service should take less than one hour to complete, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

### **What You Should Do**

Contact your Nissan dealer at your convenience in order to arrange an appointment to have your vehicle repaired. Please bring this notice with you when you arrive for your service appointment. Instructions have been sent to your Nissan dealer.

If the dealer fails to, or is unable to complete this service free of charge, you may contact the Nissan Consumer Affairs Department at the toll free number [REDACTED] or by mail at:

**Nissan North America, Inc.**  
**P.O. Box 685003**  
**Franklin, TN 37068-5003**

For more information about this Voluntary Service Campaign, please visit [REDACTED] or scan the QR code.

### **Note for California Owners**

You should also be aware that if your vehicle is not repaired it may fail a Smog Check test in those areas of California where such testing is required under state law. The California Department of Motor Vehicles, in conjunction with the Air Resources Board, has implemented the Registration Renewal/Recall Tie-In Program, which requires affected vehicles registered in California to complete the recall before the DMV will issue a registration or renewal.

Thank you for your understanding and we sincerely apologize for any inconvenience this may cause.
