Subject: Information Request ID PE25019-01

Dear Mr. Kobylarz,

This letter is to inform you that the Office of Defects Investigation (ODI) of the National Highway Traffic Safety Administration (NHTSA) has opened a Preliminary Evaluation (PE25-019) to investigate an allegation of a rear row seat belt detachment due to improperly formed stitching. This detachment relates to certain model year (MY) 2024 Land Rover Defender vehicles manufactured by Jaguar Land Rover North America, LLC (JLR). To assist us at this stage of the investigation, ODI is requesting certain information regarding this allegation as well as any other potentially related failures.

This office has received 1 report of a rear row seat belt detaching due to improperly formed stitching in certain MY 2024 Land Rover Defender vehicles. An improperly stitched seat belt can become detached during a collision increasing the risk and severity of injury in a collision. A copy of the report will be provided to you electronically for your review and information.

Unless otherwise stated in the text, the following definitions apply to these information requests:

- **Subject Vehicles:** all 2024 Land Rover Defender vehicles manufactured for sale or lease in the United States, including, but not limited to, the District of Columbia, and current U.S. territories and possessions.

Confidential Business Information

If JLR's response contains any information that you claim is confidential business information (CBI), you will need to upload a "confidential version" file and a redacted "public version" file of each file for which JLR is requesting confidential treatment to NHTSA's Safety Defect Investigations (SDI) Portal. For each file submitted through the SDI Portal for which JLR is requesting confidential treatment, JLR must check the "Contains CBI" box. Once all JLR's files have been uploaded in the SDI portal, JLR will need to click on the "Finalize CBI Submission" button in the SDI Portal and then submit its request letter for confidential treatment and Part 512 certification directly to the Office of Chief Counsel in NHTSA's Confidential Business Information (CBI) Portal.

After JLR submits its request for confidential treatment and certificate in NHTSA's CBI Portal, the CBI Portal will assign a package identification number for your future reference and all "confidential version" and "public version" files submitted as part of the CBI request will be accessible by both NHTSA's Office of the Chief Counsel and NHTSA's Office of Defects Investigation.

Please refer to PE25019-01 in JLR's response to this letter and in any request for confidential treatment that JLR may submit in response to this letter.

Please see enclosure 1 for additional instructions on submitting a request for confidential treatment that is compliant with 49 C.F.R. Part 512 (specifically, a request for confidential treatment must include the four required parts that are discussed in enclosure 1).
