

General Motors Auction Disposition Disclosure

This VIN [REDACTED] was repurchased for the following customer-reported concern:

Engine-No Start

The Technical Assistance Team has worked with the Dealer, Brand Quality, Field Service Engineering, and/or Product Engineering. It has been confirmed that this vehicle is operating as designed since:

Engine was replaced prior to repurchase. After repurchase, FSE drove the vehicle 150 miles to validate repair.

At this time we are recommending that this vehicle be sent to auction for resale.
