Good morning

Thank you for taking the time to read this letter. My name is [REDACTED] I purchased a 2021 Cadillac Escalade in 2023(At Cadillac dealership in Miami, FL). In 2024 my catalytic converter was replaced due to it being defected. This was covered in the warranty at the time. It took close to four months to resolve this issue, due to parts being back ordered. Now in 2025 I am having issues with my motor. I took it to a mechanic and stated it needs motor work because of some defects. I strongly believe I was sold a vehicle with defects. I am reaching out for assistance with repairs since the vehicle is no longer covered under warranty.

Can you please assist with this matter.

Please advise.
