These vehicles contain electrical systems to the State of California to ensure proper and safe operation and both dealers or other reproductive facts. These elements are contained in many vehicle components and replacement parts, sensors, fluids, and parts and materials used to maintain vehicle including, but not limited to fuel, oil, batteries, brakes, and related balancing weights. When any service, clean or maintain your car, you will be exposed to listed chemicals contained in used oil, waste and replacement fluids, fumes, gases, grime, greases, acids, certain replacement parts, and particulates from component wear. When oil service your car, we will inform you of components to use when you request. Used parts and components contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. To minimize your exposure when servicing, maintaining or cleaning your vehicle, it needs to be well ventilated area. Do not eat, drink, or get while working. Do wash your hands when finished or when taking a break, and follow all manufacturer instructions pertaining to proper use and maintenance of motor vehicles and vehicle components. (Repeat in accordance with Proposition 65 in Cal. Health & Safety Code 102423.5 at end of the Author Information about Proposition 65: http://www.cdph.ca/Programs/OPA/Pages/P050001.aspx)
