Date: May 14, 2021

Subject: Valve Lifter Service Part Inspection and Hold (p/n 12680871)

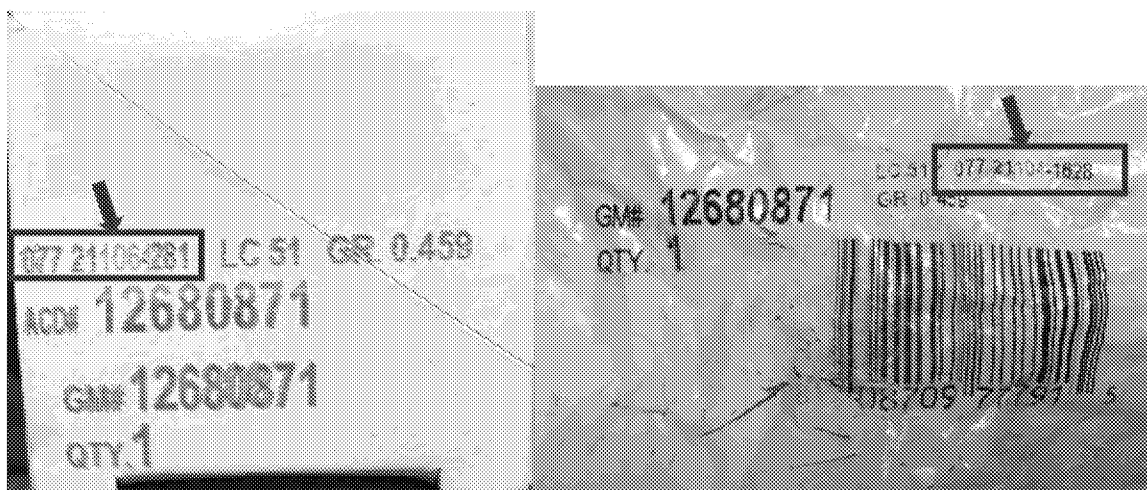

Attention: Parts Managers

To: All General Motors Dealers

General Motors is requesting that all dealers inspect all service parts inventory they may have of valve lifter part number 12680871. We are asking that the Julian date code on the packaging be inspected (see picture included with this message). Any parts found with a Julian date of 064 or higher can be made available for sale. Any parts found with a Julian date of 063 or lower should be held and not sold pending further communication from General Motors.
