Re: Request for Confidential Treatment of Information Submitted (PE25-004)

Dear Mr. Simshauser:

On behalf of Kia America, Inc., and Kia Corporation (collectively “Kia”), Kia America, Inc., (“KUS”) hereby requests that certain documents submitted in its initial response to PE25-004 dated June 27, 2025 be treated as confidential. Kia is seeking confidential treatment of the documents in their entirety. In accordance with 49 C.F.R. 512.3(c), confidential business information includes trade secrets or commercial or financial information that is privileged or confidential as described in the Freedom of Information Act. See 5 U.S.C. 522(b)(4). Commercial information is considered confidential if it has not been publicly disclosed and if its release is likely to cause substantial harm to Kia’s competitive position. 49 C.F.R. 512.3.

The documents for which Kia is seeking confidentiality were prepared by Kia or on its behalf and contain design, testing, engineering specification and evaluations that it claims is confidential business information. These documents include the following:

- Summary chart and associated documents in response to Request No. 10 (TAB E and TAB E.1); and
- Written description of the design, function and operation of the thermal-overload protection on the wiper motor in response to Request No. 13 (TAB G).

The documents above contain the type of information that is not customarily disclosed to the public as it reveals proprietary and confidential business information that, if made public, would allow Kia’s competitors the benefit of knowing its design, specifications, testing and internal evaluations.
