RE: Repurchase Approval, [REDACTED]

General Motors has **approved** the repurchase of your vehicle. We are disappointed that your vehicle did not meet your expectations. Our goal is to ensure the process of repurchasing your vehicle is as quick and easy as possible.

This approval is dependent upon receiving the required documentation within the next three business days. Please provide a clear, complete copy of your **bill of sale/sales contract/lease contract** and once reviewed, we will return to you the estimated repurchase calculation within five business days of receipt. We will accept clear, legible pictures (.jpeg files) from a phone, tablet, or other source.

We will be here to answer any questions and provide you with the support to take you through the repurchase process.

Sincerely,

General Motors
