

Initial Diagnosis working with technical assistance was to replace Transmission. Once Transmission replaced noise was still present. Contacted technical assistance and was advised to measure runout of crankshaft / Thrust Bearing. Found out of spec meaning crankshaft was walking - advised to replace engine assembly

checked oil level dipstick, oil was at the

full hash mark

+ oil change

EXCLUSION OF WARRANTIES

Any warranties on the parts and accessories sold hereby are made by the manufacturer. The undersigned purchaser understands and agrees that dealer makes no warranties of any kind, express or implied, and disclaims all warranties, including warranties of merchantability or fitness for a particular purpose, with regard to the parts and/or accessories purchased; and that in no event shall the dealer be liable for incidental or consequential damages or commercial losses arising out of such purchase. The undersigned purchaser further agrees that the warranties excluded by dealer, include, but are not limited to any warranties that such parts and/or accessories are of merchantable quality or that they will enable any vehicle of any of its systems to perform with reasonable safety, efficiency, or comfort.

AUTHORIZATION FOR REPAIRS

I hereby authorize the repair work herein set forth to be done along with the necessary material and agree that you are not responsible for loss or damage to vehicle or articles left in vehicle in case of fire, theft or any other cause beyond your control or for any delays caused by unavailability of parts or delays in parts shipments by the supplier or transporter. I hereby grant you and/or your employees permission to operate the vehicle herein described on streets, highways or elsewhere for the purpose of testing and/or inspection. An express mechanic's lien is hereby acknowledged on above vehicle to secure the amount of repairs hereto. The dealership is not responsible for damages from freezing due to lack of antifreeze.
