

DAIMLERCHRYSLER

IMPORTANT CHILD RESTRAINT SYSTEM SAFETY INFORMATION

Dear DaimlerChrysler Vehicle Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

DaimlerChrysler Corporation has determined that the owner's manual accompanying your 2000 or 2001 model year Dodge, Chrysler, Plymouth or Jeep[®] vehicle omitted certain information required under Federal Motor Vehicle Safety Standard (FMVSS) No. 225, which relates to child restraint anchorage systems. Federal regulations require that some specific instructions be provided in the owner's manual in order to ensure that you properly attach a child restraint system tether strap and to identify the seat positions that have tether anchorages. These specific instructions may have been omitted from the owner's manual supplied with your vehicle (identified on the enclosed form).

To ensure that you understand the proper way to attach a child restraint system tether strap and that you know which seat positions have tether anchorages, DaimlerChrysler is sending you the enclosed owner's manual addendum card. Please take the time to review the instructions and then place the card in the vehicle's glove box or storage compartment with your owner's manual. This will keep the card available for reference by you or future owners, if your vehicle is sold.

If you have any questions or concerns about this matter, please contact the DaimlerChrysler Customer Assistance Center at 1-800-853-1403. A representative will assist you.

We're sorry for any inconvenience, but we are sincerely concerned about your safety. Thank you for your attention to this important matter.
