Re: CRANKSHAFT PULLET BOLT RECALL (00V-311.002)

Dear Mr. White:

As you already know we have started the mailing for the above-mentioned recall. We just wanted to let you know of the proposed schedule to follow for the mailing of notice letters to customers.

The customer response ratio has been higher than expected for the first 4,000 letter that were sent with an 87% response. Taking this and the fact that we have several recall campaigns activated, our Dealers are having a higher than expected customer traffic. For this reason we would like to make the mailing for the above-mentioned campaign in batches of 5,000 letters every three days.

We request your approval of the proposed schedule:

Model	Quantity	Date
Mirage	4,776	January 5, 2001
	5,000	January 19, 2001
	5,000	January 23, 2001
	5,000	January 29, 2001
