

OWNER'S LETTER

Dear Nissan owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Nissan has decided that a defect which relates to motor vehicle safety exists in some 2000-2002 model year Nissan Sentra vehicles equipped with the 1.8 liter engine and in some 2002-2003 model year Nissan Sentra vehicles equipped with the 2.5 liter engine.

Reason for Recall

On some 2000-2003 model year Nissan Sentra vehicles described above, there is a possibility that the engine may stop running while being driven due to contamination of the Engine Control Module (ECM) by the inner lining material. This may also result in the "Service Engine Soon" light coming on or poor driveability. If the engine stops running while driving, this could result in a crash without warning.

What Nissan Will Do

In order to prevent this incident from occurring, your Nissan dealer will remove the inside lining material from the ECM. This free service should take about one hour to complete, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule, or parts availability.

What You Should Do

Contact your Nissan dealer at your earliest convenience in order to arrange an appointment to have your vehicle repaired. **If the "Service Engine Soon" light comes on, contact your dealer as soon as possible to have your vehicle inspected.** Please bring this notice with you when you keep your service appointment. Instructions have been sent to your Nissan dealer. If the dealer fails, or is unable to make the necessary repairs free of charge, you may contact the National Consumer Affairs Office, Nissan North America, Inc. at P.O. Box 191, Gardena, California 90248-0191. The toll free number is 1-800-NISSAN1 (1-800-647-7261). If you reside in Hawaii, please call 1-808-836-0888.
