RE: Pro-Trak Trailers, Inc.
Part 573.5(c)(8)

Dear Sir/Madam,

This letter is to notify you that Pro-Trak Trailers, Inc. does not intend to file a petition with NHTSA pursuant to 49 CFR Part 566 for an exemption from the recall requirements of the Act. Pro-Trak intends to provide, at no charge to its customers, a corrected supplemental certification label that will contain the missing information required by FMVSS No. 120. It will be transmitted with a cover letter containing explicit instructions on how and where the owner should affix the supplemental certification label.

Please advise us on the next steps to take, and thank you so much for all of your assistance.

Respectfully,

Seth A. Davlin
President
