RE: Safety Recall report Information needed

Dear Sir/Madam:

Recently you should have received a Safety Defect and Noncompliance Report Guide (SC-01-04) for the 2003 Kaliber RS and LS scooters. If you have not received these documents, please contact our office immediately.

Each quarter we must submit a report showing the progress of our recall with the National Highway Traffic Safety Administration. With your help we will be able to get as close to 100% notification and/or repair as possible. Please fill out the attached chart and fax it back to our office. Your immediate attention is greatly appreciated.

Thank you again for all your assistance.

Best regards,
