Dear Kelly,

As we discussed today, we received the NHTSA correspondence yesterday requesting renotification of Daewoo owners subject to safety recall 04V-357. The correspondence indicates we need to submit our renotification schedule and a draft of the proposed owner renotification letter to your office by March 29th. Unfortunately, that will not be possible because of our late receipt of the letter from the NHTSA. We are, however, submitting with this writing, a draft copy of our renotification schedule and we will forward a draft copy of the customer renotification letter to you by April 21st. If you have any questions or need any additional information, please let me know.

Sincerely,

Ben Rainwater
Vice President
