Dear Mr. Person:

This letter is in response to your letter of January 4, 2005 concerning quarterly reporting on three recalls 04V-009, 04V-414, and 04V-415 that was initiated in 2004. Your letter requested that International Truck and Engine Corp. either provide a copy of quarterly reports for above mentioned recalls or provide explanation for why the reports aren't necessary.

International Truck and Engine Corp does concur that these recalls were inadvertently omitted from the third quarter of 2004 report. On January 7, 2005 a revised quarterly report was submitted to Mrs. Kelly Schuler. A copy of this correspondence is attached for your reference.

We apologize for the inconvenience this has caused and trust that the addition of these recalls to the quarterly report will close this issue.

Very truly yours,

International Truck and Engine Corp
